Now is the open season for
Christmas gift hunting.

Korean law makes manhood on-
ly attainable thru marriage. Some
are urging the enactment of such
a law in this country.

Clemenceau says that increased
production will solve the prob-
lems of the world. The opposite
theory seems to prevail in this
country just now.

Speaking of the formation of
a new political party an exchange
suggests that both the old parties
have been "dry cleaned."

Louisville is again dry terri-
tory, but the very accommodating
court ruled that sales made af-
ter the recent injunction were not
illegal. Simply closing out sales.

At the Chicago meeting to or-
ganize a new Radical party, 600
of the 1500 delegates left the
hall, before the adoption of a
platform, failing to agree on the
limit of radicalism.

A campaign for the re-enact-
ment of the so-called daylight
saving law is being energetically
pushed in the east. Farmers
should take due notice and begin
to organize.

A billion dollar congress was
thought to be the limit some years
ago, but Secretary Glass has pre-
sented estimates calling for over
five billion dollars for peace time
activities of the government for
the fiscal year 1920.

The Eighteenth ward, Chicago,
gave its annual ball recently with
only ice cream sodas and bottled
pop in sight as the chief features
of the refreshment program. Pro-
hibition works wonders, but it is
claimed some of the old time poli-
ticians have not yet recovered
from the shock.

"Men are able to think out loud
when there are no reporters pres-
ent," remarked Secretary Wilson,
so the present industrial confer-
ence is being held behind closed
doors. "Pitiless publicity" was
enough to completely discredit
the last one and now the presi-
dent insists on "calm delibera-
tion." They cannot make the in-
dustrial situation much worse.

The entire nation is crying for
coal and whatever is necessary to
obtain it must be done. Conces-
sions should be made by all parties.
We are in for increased costs
under any circumstances so why
not quit muddling and get
down to business. There is hard-
ly an article the government has
taken charge of and attempted to
regulate but what has increased in
price or become unobtainable.
Pay the price and get the coal and
regulate next summer.

Among the recent benefactions
are \$4,000,000 from the General
Education Board for a complete
revision of the medical depart-
ment of Vanderbilt University,
Nashville and \$10,000,000 more
for endowment from the founder
of the Rockefeller Institute for
Medical Research, whose object is
the protection of the public health
and improved treatment of dis-
ease and injury.

WHO OPENED THE DOOR?

(St. Louis Globe-Democrat.)
For some time a committee of
the German reichstag has been
holding an inquiry into the war.
It began by trying to fix respon-
sibility for beginning it. Docu-
ments very quickly revealed the
fact that Germany began the
struggle, and that it could have
been postponed, if not entirely
averted, had the German foreign
office been willing to wait a little
while for the inquiry other for-
eign offices urged should be made.
The German military idea, as
Hindenburg puts it, was that war
was inevitable, that Germany was
better prepared than her adver-
saries, and therefore there was
no use waiting. Hence the rush
for France through Belgium.
Having accepted the conclusion
that Germany was responsible for
the beginning of the war and that
individual responsibility for it was
pretty well distributed among the
entire military clique, with the
kaiser as the chief, the committee

then turned its attention to the
discovery of why the war was
lost, or rather to ascertain who
was responsible for that. Why
the war itself seems to have al-
ready been accepted by the Ger-
man leaders and people. That
why was the entry of the United
States into the conflict. What the
committee is now trying to ascer-
tain is who is responsible for op-
ening the door and letting us in.

CUMMINGS' POLITICAL
BROADSIDE

The Republican Publicity As-
sociation, through its president,
Hon. Jonathan Bourne, Jr., today
gave out the following statement
from its Washington headquarters:

"Chairman Cummings of the
Democratic National Committee
has published an arraignment of
the Republican Congress which he
doubtless hopes will turn votes to
his party in the next election. If
deliberate misrepresentation of
facts, gratuitous charges that
amount to nothing less than
slander, and cunningly phrased
deceptions upon the public mind
are to have that effect then Mr.
Cummings' diatribe will accom-
plish everything he wishes. But
the American people, as never be-
fore, are following the activities
of their Congress, and they are
quite capable of placing a correct
valuation on Democratic state-
ments intended to discredit the
party in charge of our legislation.

"The people have paid a stag-
gering penalty for the folly of
electing a Republican congress,"
cries Mr. Cummings. When the
Democratic Congress adjourned
last March it left unenacted sev-
en great money measures. With-
in 38 days the Republicans had
placed those bills on the statute
books with a saving over the cor-
responding bills of the last fiscal
year of about \$940,000,000. Not
only that but the bills represented
a reduction from the estimates
submitted by the Wilson Admin-
istration of more than \$1,685,-
000,000. Had those estimates
been complied with every dollar of
that huge sum would have been
practically wasted, for no just
claim has been made that the Re-
publican appropriations will not
be sufficient for the period for
which they were made. The "pen-
alty" the people paid last Novem-
ber was a saving to them of \$16
for every man, woman, and child.

"It is impossible to point to
one single constructive measure
which has been adopted," asserts
the Democratic political leader.
How about the return of the tele-
graphs and telephones to their
owners; the women's suffrage
amendment, vocational training
legislation, additional pay for a
hundred thousand postal em-
ployees; more stringent immigra-
tion laws; extension of food con-
trol act; and increase of certain
war risk allowances? All of those
have become laws in the present
Congress, as well as many minor
acts. The House has enacted
many more bills, which the Sen-
ate found impossible to consider
on account of the treaty, but which
will receive prompt attention in
the new session.

"Mr. Cummings has the temer-
ity of charging the Senate with
completing 'six months of ghastly
ineptitude and political floundering.'
The American flag," says he,
"has been trailed in the dust by
men who do not seem to under-
stand what American honor re-
quires." That sort of partisan ap-
peal has received an answer from
the people already in various
special elections that have been
held during the treaty debate in
the Senate. The kind of Ameri-
canism that they demand has been
unmistakably shown to be that
defended so courageously and sen-
sately by the Republicans of the
Senate—the kind that stands for
our traditional policy of in-
dependent self-government, free
from interference by foreign pow-
ers intent on exploiting the Unit-
ed States for their own benefit.
Republicans gladly accept the is-

sue that Mr. Cummings seeks to
make of Americanism.

"The Senate has not yet been
able to say 'yes' or 'no' to the
treaty," Mr. Cummings reminds
the country. The treaty failed of
ratification, but whose is the
blame? Thirty-nine Democratic
votes were cast against ratifica-
tion. Had only twenty-three of
those votes been registered for
the treaty it would now be the
law of the land, but those parti-
san Senators preferred to follow
the orders of their political mas-
ter in the White House rather than
the dictates of their own con-
sciences. As a result the treaty
is dead.

"The next time Mr. Cummings
sees fit to issue a political broad-
side he should endeavor to make
charges that can be supported by
facts, rather than submit to the
people a list of allegations based
only on his own personal state-
ment."

SUNDAY SCHOOL
WORKERS MEET

Twenty Five Gathered at Grace
Church Tuesday Evening—M.
L. Pontius Made Address.

Twenty five Sunday school
workers met at Grace church
Tuesday evening and discussed
Sunday school work. Luncheon
was served by the Queen Esther
circle of the church.

Following luncheon Rev. M. L.
Pontius made an interesting ad-
dress on Sunday school work. The
gathering also approved of a
Jacksonville Sunday school Union.
Reports showed the Sunday
school in a thriving condition.

A nominating committee to
nominate officers for the annual
election was also named. The elec-
tion will be held on December 31.

A PAINFUL ACCIDENT

Mrs. A. R. Taylor was doing
some cooking recently and placed
some lard in a skillet on the stove
and went down cellar for some
purpose and when she came back
the fat was ablaze. She seized a
bucket of water and dashed the
contents on the flames which
caused the burning grease to fly
in every direction striking her in
the face. Fortunately she wears
spectacles which saved her eyes,
but her skin was badly burned.
The suffering much pain she is
doing as well as can be expected.

**Salem Ladies' Aid will
have a donation social at the
home of Thomas Boyd Wed-
nesday evening, December
3rd. Everyone cordially in-
vited to come and bring a
donation for the society.
Supper free.**

A RISING YOUNG MINISTER
Among the enterprising young
colored people who have left the
city is Wm. Guy, a graduate of
the high school and Illinois Col-
lege and who has risen to a prom-
inent place in the Methodist
church. He is to arrive in the city
today for a visit at his old home
and Thursday evening he is to
preach in Bethel A. M. E. church
and many will be glad to hear
him.

**Ladies aid of Christian
church will serve lunch at J.
L. Henry's sale at Wood-
son, Wednesday, Dec. 3rd.
All members requested to
bring or send 2 pies.**

SALVATION ARMY
NEEDS CONTRIBUTIONS

Clothing, Groceries or Cash
Donations Needed in Jack-
sonville for Christmas Baskets.

With each recurring Christmas
season, it has been the pleasure
of Ensign and Mrs. Frank Sher-
wood, the Officers in charge of
the local corps of the Salvation
Army, to give Christmas dinner
baskets to the needy. Christmas
Tree and Entertainment to the
kiddies and then following the
Holidays a continuance of winter
relief work, and while this per-
haps, has cheered many hearts and
Ensign Sherwood had seen the
old and feeble totter out following
him to the gate enquiring the
donors and wishing many God
Bless you's, and yet the sight in
seeing the old and young helped
and cheered, has reacted and
brought many a happy moment to
him, because of this manifest
happiness of the recipients.

The Salvation Army of Jack-
sonville thru its officers and mem-
bers will again celebrate Christ-
mas by distributing Christmas
dinner baskets to the needy, by
giving a Christmas tree and en-
tertainment for the children, and
following the holidays will con-
tinue as long as the funds hold
out to administer winter relief to
the poor, during the winter
months; already the cold frosty
days and nights have brought
callers daily to Ensign and Mrs.
Sherwood seeking clothing and
bedding, and any one having ex-
cess of clothing or new clothing
and desires to donate the same to the
poor can call the officers in
charge on the phone or inform
them personally and they will be
glad to pass the same on to the
needy ones.

In connection with the collec-
tion of funds for the Christmas
dinner, Christmas tree and winter
relief, the Christmas Kettles will
be on the streets for contributions
making their initial appearance
either on the 6th or 8th of Dec.
but there will be no general solici-
tations of funds as heretofore,
but those wishing to make
voluntary donations of either
cash or provisions can do so
either at the kettles on the streets
or by calling Ensign and Mrs.
Sherwood on the Illinois phone
No. 50-1342, or by giving or
notifying the local members of
the Salvation Army; if there are
needy families in your neighbor-
hood or of your acquaintance,
please notify Ensign Sherwood
of the same, that none may be
overlooked during the Christmas
time. With the good will of the
people of the U. S., the people of
Illinois, and the people of Jack-
sonville because of the fine wel-
fare work done by the Salvation
Army with the boys in the A. E.
F., surely the relief work of this
year ought not to be out done
either in the number of volun-
tary workers, the amount of cash
and provisions donated and the
number of families and children
cheered by any previous years' at-
tainment, and Ensign and Mrs.
Sherwood and the members of the
local Salvation Army Corps are
looking forward with great ex-
pectation to this year's achieve-
ments in the relief of the needy.

What Is a Chiropractic Adjustment?

Some folks who first thought that Chiropractic was every-
thing except a wonderful, new health method, have gained pec-
uliar impressions of what a Chiropractic Adjustment really is.
An adjustment is primarily given with only the Chiroprac-
tor's two hands. How he does it; why he does it; what part
of the spine he does it to, are all part of his Science. The ex-
pert knowledge is acquired only after years of intense study
and practice.

After analyzing the spine and finding out the defects that
impede nerve energy and result in disease, the Chiropractor
adjusts the movable bones of the spine back to their proper,
normal positions. The cause is removed; the pressure on the
nerves is relieved and normal function resumed with complete
nerve energy restored, the natural forces of the body build up
the weak and diseased organs. Health results.
is in full accord with the laws of man's being. No drugs or
surgery are used. Chiropractic (KI-RO-PRAK-TIC) is being
endorsed by authorities everywhere from the scientific stand-
point, because it is right. Its marvelous record of accomplish-
ment recommends it to all who are not up to the mark in
health and efficiency. Give Chiropractic a trial.

**DELAWARE TRIBE
ELECTED OFFICERS**

Officers for Ensuing Six Moons Are Chosen—Will Invite Great Sachem Kapps to Visit Tribe.

Delaware Tribe No. 73 Improved Order of Red Men at the regular meeting held Tuesday evening elected officers for the ensuing six moons.

The Tribe also voted to extend an invitation to Great Sachem Kapps of Chicago, to visit the tribe some time in January or February. The new officers are:

Sachem—D. J. McCarty.
Senior Sagamore—J. A. Crum.
Junior Sagamore—J. A. Redburn.

Prophet—W. F. Timmerman.
Chief of Records—H. H. Zeller.
Collector of Wampum—C. J. Roberts.

Keeper of Wampum—G. V. Skinner.
Trustee for 18 Moons—S. R. Armstrong.

Representative to Great Council for Two Great Suns—G. W. Davis.

SOME SILK STOCKINGS

A prominent clothing dealer received yesterday from a Milwaukee house \$1,407.19 worth of silk hosiery by express, the transportation costing \$44.10. He said he felt obliged to order by express as he would hardly have received the goods before Christmas had he ordered by freight and then added that is the uncertainty of getting the goods at all. The same merchant showed a case from which 114 pairs of hose had been stolen while the goods were enroute. This is such a common occurrence that many dealers order by express at a great expense so as to be sure of getting their goods and getting them intact.

CAPPS EMPLOYEE HAS FINGER CUT OFF

Miss Hazel Massey Has Misfortune to Lose Portion of Third Finger of Right Hand.

Tuesday afternoon Miss Hazel Massey, 1115 North Diamond street, while working at a loom in Capps factory, had the misfortune to lose a portion of the third finger of her right hand. Miss Massey had reached over to shut off or adjust some portion of her machine, but the sun shining in her eyes caused her to miscalculate the position with the result that her right hand was caught and a finger lost as indicated. The injured lady was taken to the office of Dr. King who gave the necessary attention.

JURY NOW HEARING EVIDENCE IN REDDISH MURDER CASE

(Continued from Page One.)

was employed by the family to find some clue as to the guilty person or persons. The detective was asked as to his opinion, and stated that it might be some close friend or a relative. Mr. Mackelden was present at the time, and because I slept with him that night. It had not at that time been decided when the murder had been committed. This remark of Mr. Mackelden immediately aroused suspicion.

When the defendant returned to Alton he found the pawn tickets had been removed and immediately began a search for them. He offered a maid in the hotel a handsome reward if she could find them.

Pawned Revolver Recovered
On Saturday the revolver represented by the pawn ticket found in the defendant's room was recovered and brought back to Jerseyville. On Sunday the defendant came to Jerseyville and had an interview with the detective at the latter's hotel. At that time he was asked the kind of gun he had. This he described as a Colt, 38 calibre, and was shown the revolver recovered on the pawn ticket. He was asked if that looked like his revolver. He said there was some similarity but that the one he owned had a little crack in the handle. Otherwise he found no difference between his revolver and the one exhibited.

Defendant was also asked how long he had had the revolver and where he got it. He said he bought it from a barber in Jerseyville named Watson, who afterward removed to Carlinville. The man Watson purchased the revolver from a man named Adams, and the latter bought it from the Simmons Hardware Co. in St. Louis. The serial number of the gun is stamped in the metal, and the gun that was recovered on the pawn ticket that was found in the defendant's room bears the same serial number as the gun bought by Adams and by him sold to Watson and by Watson sold to the defendant. There is but one serial number for each gun manufactured by that company, so the gun that was recovered on the pawn ticket was the gun of the defendant.

"The revolver of the defendant was pawned on the 29th of April about 3:30 o'clock in the afternoon, about the time the defendant was on his way from Mackelden's home to Alton in the automobile of his father.

The evidence will show that the revolver was pawned under the assumed name of Dr. Henry Gedhill.

The defendant was asked in that interview with the detective as to what had become of his gun. He said he took it to St. Louis with him on the 14th of April and had sold it to a man in a saloon there. He said he sold it to a man whom he had never seen before, that he did not know where the man lived, could not describe him and did not know anything about him.

"On Sunday evening Mackelden and his wife returned to St. Louis. On Monday morning the defendant received a telephone message to the effect that the sheriff of Jersey county was coming after him with a warrant. He went to the office of the hotel in answer to the telephone call partially dressed. He went back to the room and gathered together his clothes and started to the garage to get the automobile, but was arrested before he carried out his intention.

Automobile Kept in Barn
Gentlemen of the jury, there are a great many facts that will have to be brought out in this case. I want to call your attention to the distance between Jerseyville and Alton which is about

20 miles. At the time this murder occurred the roads were in very good condition. The distance between Alton and the place the defendant kept his car in St. Louis is about 30 miles. At least half of the way is over paved streets. When the defendant took his car to St. Louis he kept it in a barn at the end of the street car line. There was a padlock on the door and the woman who owned the barn had the key, as they also had an automobile in the barn. The defendant got a lock of his own and put it on the door. This lock had two keys to it, he kept one and leaving one with the owners of the barn. About the 24th of April the defendant pretended he had lost his key and borrowed the one from the owner of the barn, so on the 25th of April and several days thereafter the defendant had both keys in his possession. He had both keys when he was arrested.

"On the night of April 25th people in the neighborhood of the Reddish house heard two shots. Witnesses will testify that about midnight or shortly afterward they heard two shots and then a sound like a cry of a dog or of a human being, and then three or four more shots in rapid succession. They will not swear that this was on Friday night, but they are reasonably sure that it was on that night. Other parties think that they heard shots on Saturday night. When the dead bodies were found on Wednesday morning it was evident that several days had elapsed since the crime was committed.

Defendant Nervous After Arrest
At the time of the defendant's arrest he was very nervous. He told the jailer that he had been using the drug morphine for about fourteen years. For a few days after he was confined to jail he was very nervous.

In the room where Mr. Reddish's body was found was a box, commonly called a strong box. This box was one in which the murdered man had for years kept all his valuables and at some times it contained money. This box was locked by a padlock, the key to which was on a key ring with other keys and was always carried by Mr. Reddish about his person. When the body was found the lid of the box was open, although the papers inside were undisturbed. The watches remained in the box, all except one which was on the floor near the box. The keys which Mr. Reddish always carried with him have never been found. In the same room hanging on a chair was a pair of overalls with a watch in one pocket. Downstairs on the hall tree was a coat and vest belonging to Mr. Reddish, and in a pocket was his gold watch. Neither of these watches was taken.

Murderer Familiar With House
These things indicate that the man who committed the crime was familiar with that house, and went there with the purpose of murdering Mr. Reddish. This is nothing but a cold-blooded murder. Any man who went there to rob that house would not have gone away and left all the valuables. The shots that killed Mr. Reddish must have aroused the colored servant. She must have recognized the person who killed him. What reason was there for a stranger to kill her too? She could not have interfered with their escape for there were two stairways leading to the lower floor. She must have recognized the person or persons who were in that room and who had committed that other crime, and in order to silence her they took her life.

"We think that the facts and circumstances in this case will convince you that this defendant is guilty of the crime with which he is charged, and we feel confident that the evidence is sufficient to prove him guilty. The opening statement for the defense was made by Judge Sumner of Jerseyville. A brief outline of this statement is given: "The defendant Horace A. Red-

dish is a young man thirty two years of age. Practically all of his life has been spent in Jerseyville and Jersey county with his father. The evidence to be presented will show that in going about his business in that county the elder Reddish was always accompanied by his son, Dr. Reddish and it was the latter who took him about in the automobile and in other ways was of assistance to him.

In St. Louis For Treatment.
"About two or three weeks before the body of Stephen M. Reddish was found murdered the defendant's mother, Mrs. Stephen M. Reddish, was not well and was taken to St. Louis for treatment. The defendant accompanied her to that city. They stopped at the home of his uncle, John Mackelden. The evidence will show that Mrs. Reddish while under treatment there underwent some slight operation. At first she went back and forth to the hospital on the street car, but that was unpleasant for her. On the first Sunday following the day they went to St. Louis, Mr. Reddish suggested that they bring the automobile to St. Louis, and took home with him this defendant that he might take the automobile to St. Louis, to take his mother back and forth to the hospital.

"Dr. Reddish on Monday morning took the automobile to St. Louis, taking along with him some things which his father had purchased for his mother. From the time that Dr. Reddish went back to St. Louis on that occasion, until the time he returned after his father's death had become known, he was not in Jerseyville.

"On Saturday, April 26, there was in Jerseyville a big celebration and this was attended by a number of people from the country who had not been in Jerseyville for a long time before. Many of the people on that day conversed with Stephen M. Reddish. A number of people heard the shots that evidently did the killing. Some of them are uncertain as to the time. All agree that the shooting was heard about 12 o'clock or shortly afterward, but are not certain about the night.

"The house of John Mackelden, uncle of the defendant, is seven or eight miles from the center of the city of St. Louis. It is a residence of two stories. The family consists of himself and wife. The sleeping apartments are upstairs. There are only two beds in the house, located in adjoining rooms. In one room slept Mrs. Reddish, the defendant's mother, and with her Mrs. Mackelden, his aunt. In the other room and in the other bed the defendant, Dr. Reddish, and his uncle, John Mackelden, and his little boy slept. On Friday night the evidence was that at the Mackelden home all night; that Mr. Mackelden was there, the little boy and Mrs. Reddish and that the doctor went upstairs about half past nine or ten o'clock, his usual retiring time. He visited with his mother a little while and then retired to bed in the adjoining room.

"On Saturday night this defendant was at home all night. He retired about the usual time. His mother was there and slept in the adjacent room, just as she did all the time that they were down there. He and the little boy went to bed about 10:30 o'clock as usual.

Planned to Return Home
They planned to return home on the 27th day of April. If the weather and roads would permit, on Sunday morning when they got up it was raining and it rained practically all day Sunday. The defendant and the rest of the family stayed around home all day. They could not leave for Jerseyville on account of the roads being muddy. On Monday the weather was still unsettled, but Dr. Reddish notified his father that they thought they would make the trip on Tuesday. On Tuesday morning the weather was still unsettled but in the afternoon it had settled somewhat and

they started, the defendant, the little boy and Mrs. Reddish, Sr., for Jerseyville. They drove from the Mackelden house to Alton. The mother, who was not strong, had been sick all the time she was in St. Louis. When they got to Alton at her suggestion they stopped for supper and to rest. They got supper at the Mineral Springs hotel.

"After supper they went out to start on the way to Jerseyville but found it was raining. The roads between Jerseyville and Alton are hilly and clayey. After talking the matter over they thought it would be better to stay over the night. The Mineral Springs hotel is named on account of a running stream of water in the basement. While possibly it is not much of a sight, people who have not seen it are interested in looking at it. The mother wanted to see the springs, so Dr. Reddish sent down to the fountain and then came back and took his mother down. That certainly was an innocent thing to do. He preceded her down and when almost to the bottom of the steps Mrs. Reddish missed her footing and fell, fracturing her hip. She was taken back upstairs and put to bed. The doctor called. The seriousness of her injury was not at that time ascertained. After the doctor had been called and given attention the defendant sat up all night with his mother.

Unable to Reach Father
"In the morning he attempted to call his father but was unable to reach him. Then he called his brother at the bank and told him the accident to their mother. He told his brother that their mother wanted their father to come to Alton, and said that if he could not locate his father to come himself. The brother attempted to find the father but was unable to do so. Dr. Reddish told him by his brother over the telephone and told that his father had been found dead in bed.

"The state's attorney has made the statement that there would be some evidence to show that Dr. Reddish had notified Dr. Gibson in Alton of the fact of his father's death prior to the time that it was known that his father was dead. I think the evidence will fully disclose that Dr. Reddish did not go over to the doctor's office until after he had received the message of his father's death.

"In the room where Mr. Reddish was found murdered was a box, called a strong box, in which were some papers and other valuables. The evidence will show that Mr. Reddish kept some money in that box in little rolls with rubber bands around them. There was no money in that box when found, but there were discovered some rubber bands on the floor of that room.

Claim Servant Had Money
The evidence will show that the colored servant had about \$150 that was not found after the crime was committed. This Rachel Cisco at one time was a resident of Bloomington and was married there to a man named Cisco. She eloped from that husband with another man named Wallace. This man Wallace was in Jerseyville at the time of this murder. He had been convicted of robbery and served a term in the penitentiary and was known to have made threats that some day he expected to rob Reddish, and shortly after the murder he disappeared from Jerseyville.

"The evidence will show that Dr. Reddish was unfortunately addicted to the use of a drug. He had been addicted to the use of that drug for some time, and was a user of it at the time that the father was found murdered. Dr. Reddish was the owner of a Colt revolver. There was a discrepancy in the number of the gun and the number that was placed on the pawn ticket. I do not think that Dr. Reddish positively decided that that gun was his gun.

"After the funeral and when he came to Jerseyville he was taken to the room of the hotel where the detective was stopping and put thru a grilling cross examination. He said some things, probably because of his condition by reason of the drug he had taken, which will be introduced as evidence. But after you have heard all the evidence I do not think that you can say there was anything to show criminality on the part of Dr. Reddish. The relations between the defendant and his father were of the best. During all the time, whether the crime was committed on Friday or at a later time, the evidence will show that he was in the city of St. Louis. His own mother knows he was there, his uncle and aunt know he was there."

At the close of Judge Sumner's statement, Clarence G. Reddish, brother of the defendant, was called to the witness stand. The witness was examined by Attorney W. J. Chapman for the prosecution. The witness stated that he had lived in Jerseyville and Jersey county all his life; in Jerseyville about 15 years; that his father was Stephen M. Reddish and that the family home was in the west part of Jersey county until they removed to Jerseyville about 15 years ago. He stated that his father owned the residence property in Jerseyville which was the family home, store buildings in Fieldon and Alton and a farm lying about 15 miles west of Jerseyville.

Not a Licensed Physician
The witness stated that his occupation now was looking after the business of his father's estate but that prior to his father's death had been connected with the Jerseyville state bank as cashier. He stated that his father's family consisted of his wife, his son, Horace Reddish, and the latter's little son Hubert. In answer to a question he stated that Mrs. Horace Reddish had been away from her husband for two or possibly three years, that they had formerly lived together and made their home with his father and mother. The witness stated that Dr. Reddish was away from home both before and after his marriage; that he was a medical student in St. Louis for four years, later studying medicine in

Chicago and Boston. It was in the latter city about seven years since that Horace Reddish was married. The witness stated that his brother was not a licensed physician. Asked what was his brother's business while at home, the witness said that he was not actively engaged in any business but helped his father in the operation of his extensive farm land holdings.

The first exhibit introduced was a plat of the ground floor of the Reddish home in Jerseyville, and the witness was called upon to answer numerous questions as to the arrangement of the house, the location of the various rooms, the closets, etc. Then a plat of the second floor was introduced and the same procedure followed as in the first instance.

Defendant Remained at Home
The witness was called upon to state the facts about the trip to Texas which he made in March, accompanied by his father and mother. He stated that his brother remained in Jerseyville because he did not wish to take his son out of school.

Then the witness was questioned about the telephone conversation he had with his brother, Horace Reddish, on the morning of April 26. He stated: "I was at the bank at about 10 or 11 o'clock on that morning when my brother called me over the telephone and told me that our mother had had a fall and wanted to know if some one could not come down. I asked if father was not down there. He said 'No, he is not here with me. I said I would see if I could find father and that some of us would try to come down on the next train.' The witness in answer to a question stated he did not know his brother was in Alton until he called him, and had no information that the party had left St. Louis. Mr. Chapman asked witness if anything was said by his brother as to where he could be found in case they wanted to call him later. Witness said nothing of that kind was said, that his brother merely said their mother had fallen and broken her hip and that he was afraid they would have to take her to a hospital.

Discovers Father Dead
The witness stated that he then left the bank and walked past his father's home but saw no one there. He did not try the doors, but just walked past. He went to his own home and called up the farm and found that his father had been seen there for several days. He then changed his clothes and being somewhat uneasy about his father, started out to go to his home. On the way he met D. E. Beatty in an automobile and was accompanied by him to the house. On reaching the house he entered thru a window at the back of the house and proceeded at once upstairs to his father's room, where he found his father's body lying on the bed with life extinct.

The witness stated that he immediately ran downstairs and called Mr. Beatty who was waiting in the car. Together they went up the stairs and to Mr. Reddish's room. Witness stated they did not make any examination of the body and did not see anything which would indicate how death had been brought about, but noticed bloodstain on the side of the dead man's face. He stated they were there just a short time, then came downstairs and called Dr. H. R. Bohannon. Later witness called his wife over the telephone and she arrived at about the same time that a neighbor did. The witness was asked about the furniture in his father's room at that time, and was closely questioned as to the strong box. This box, witness stated, was on the floor in its accustomed place near the south wall. The lid was open, although it was his father's custom to keep it closed.

Box Introduced as Evidence
The strong box was introduced as evidence and was marked "People's Exhibit No. 3." The witness stated that it was his father's habit to carry the key to the box about his person. He stated that on the morning his father's body was found the padlock which was used to lock the box was lying on the floor near the box, with no key in sight. The witness told how one two pockets of his coat which had been kept in the box were found lying on the floor near it. One of them contained a watch and the watch was still inside the pocket book. Witness also stated that he thought there were some rubber bands on the floor near the box; that there were no papers on the floor or on the box, and that there were two other watches in the box with the papers.

Asked if he called his brother at Alton, the witness said he did not but that his wife called him and told him of the murder. The witness stated that he talked to his brother over the phone later in the afternoon and told him about the finding of the murdered body of Rachel Cisco.

COLLEGE CLOSES DOORS
Burlington, Iowa, Dec. 2.—Iowa Wesleyan College at Mount Pleasant closed its doors today and sent all students home on account of the shortage of coal.

TAKE NO ACTION

(Continued from Page 1)
to experiment with academic theories in the settlement of the miners' strike.

"In the past when the anthracite mine workers were in trouble the bituminous miners have aided them when aid was needed and there is a likelihood that should the bituminous miners find themselves hard pressed in this case that the anthracite mine workers may decide to come to their aid."

Farrington said he would go to Chicago tomorrow for a conference with Governor Frank O. Lowden on the coal situation.

The state public utilities commission today called a coal conservation conference to be held here tomorrow which will be attended by public officials and public utilities representatives from a number of important Illinois cities including East St. Louis, Quincy, Belleville, Peoria, Bloomington, Cairo, Danville, Decatur, Galesburg, Jacksonville, Urbana and Champaign. Announcement of the meeting was sent to all the cities named. The supply of coal for the city schools was exhausted today and announcement was made that the schools would be closed indefinitely.

Little Change at Mines.
Chicago, Dec. 2.—The coal shortage today drew tighter the restrictions of coal consumption with additional closing of schools and industries and reduction in hours of business in many regions. There was little change at the mines.

Sub-zero weather in ten states and slightly less severe cold in much of the central portion of the country combined with the reduced coal supplies to urge officials and citizens generally to action. Union officials in Wyoming ordered the strikers who walked out yesterday to return to work, altho in Montana the miners observed their decision to refuse to return to work. The southwest regional coal committee ordered hours of all retail stores except drug stores reduced to from 9 a. m. to 5 p. m.

Schools were closed at Cheyenne, Wyo., and Springfield, Ill. The Southern Illinois Light and Power Company gave notice that power would be withdrawn from non-essential industries and institutions in eleven towns.

The Annapolis Cement Manufacturing Company announced at Butte, Mont., it was preparing to close its mines and smelters because of the fuel shortage. About 2,000 men would be made idle. Mining of coal with the exception of the Kansas strip mines began yesterday and is rapidly today and the first car of coal was shipped to the mayor of Coldwater in Western Kansas, where a coal famine has existed for days.

Gov. - Reville of Nebraska, called for volunteers to dig the state's coal and a number, including university students, responded.

Governor Gardner of Missouri was working out a plan to put in operation in that state.

Will Meet Lowden Today
Frank Farrington, president of the Illinois miners, said he would seek a conference with Governor Lowden tomorrow, but intimated a strike of anthracite miners might be called to aid the bituminous coal diggers.

Serious stoppage of industries and all forms of business with closing of the schools and churches, generally was predicted for many cities at the end of the week. Regional coal officials said about 8,000 plants employing 300,000 men in the Chicago district and more than 1,000,000 in the northwestern region probably would soon be shut down as a result of restricting coal deliveries to the most essential industries.

In Chicago a meeting of representatives of 350 amusement houses, disclosed today that the amusement enterprises had a supply to last 30 days or more. The managers announced they feared no early closing, but would cooperate in every way with the fuel administration in the interest of conservation. More drastic restrictions for Chicago are planned to be promulgated tomorrow by the council. The presidents of local business organizations at whose preliminary meeting today decisive action was urged to effect a return to production at the mines.

"We will get coal somehow," H. H. Merrick, banker and president of the Mississippi Valley Association, asserted, "and it becomes necessary the troops should be called to take command and any miner or other individual who interferes with the action of the government should be shot."

Charles Piez, formerly vice-president of the shipping board and general manager of the emergency fleet corporation, declared "the effort of 400,000 men to deliver to the entire nation what they should do should be nipped in the bud."

It was suggested that hours for retail stores be fixed at from 10 a. m. to 6 p. m.

Many industries affiliated with the Illinois Manufacturers Association plan a five-day week. T. W. Proctor, regional coal chairman of the northwest, declared there were but 8,000 cars of coal available for the use of 30,000,000 people. He suggested confiscation of school coal supplies to meet the necessities of the situation.

GRANTED DIVORCE
Springfield, Dec. 2.—(Special.) Custody of Jesse Lisenbee, aged 7, and Clara, aged 5, was granted the children's aunt, Clara Surritt, in the circuit court, where the father, Samuel Lisenbee, was allowed a divorce from Mildred Lisenbee on the grounds of infidelity.

The decree contained a provision allowing the mother and father of the children to visit them at their aunt's home. The couple were married April 22, 1910, at Chapin.

dear bill
do you no anything about art. i bet you don't. i didnt ether till just latley. i been gettin hep to it, kind a wisen up so to speak on account of our city aven a art buildin where they show the art works. i find they is a lot of different kinds of artists, such as painters, musical, tonsorial and hot air artists, most of em have long hair except the tonsorial, same usaly being bald on account of usein sample hair tonic. All people who paint are not artists. A lot of girls and not a few middle aged women in this town paint, but they get it on so thick it looks like they put it on with a trowel and a white wash brush. Some artists paint landscapes, some animals, an some ie nude. i don't no what that is but i hear it takes a lot a nerve to do the nude. Artists are queer people. they'll show you a picture of an old scraggy tree with a cupple a foot owls settin on a lim and the moon just commin up and tell you how purty it is and get sore if you don't agree with em, which makes me think about the guy who went into a art show in Chi durin the worlds fair. he didnt no a thing about art but he got his glims on a picture that glued him to the spot and he stood there so long one of these artist fellers that he was a brothr artist drinking in its beauty so to speak and he goes over and says to the hick, well what do you think, that brings the big boob back to earth and he says, i'll never tell, a policeman could arrest me for it, which goes to show that all minds dont run in the same track. i don't just remember what they called that picture but it sounded somethin like the October Evenin.

We got a feller down on our street that paints and he says if we run short on coal he is goin to paint our stoves so they look like they was red hot, and he says they'll look so natural we can keep warm just by lookin at em. he's a real artist.

yours truly,
Jack.

-Not too Cold yet for cement work

So far the weather has not interrupted our Cement workers. When construction work is so badly needed it is not wise to put it off so long as weather conditions will permit work. Tell us your needs at once.

Get Your Wife This Range for Christmas

This Wonderful Range With Two Ovens

Bakes Bread, Pies, Biscuits, Broils, Roasts, and Cooks Nine Different Vegetables All At One Time.

Although it is less than four feet long it can do every kind of cooking for any ordinary family by gas in warm weather, or by coal or wood when the kitchen needs heating.

The Coal section and the Gas section are just as separate as though you had two ranges in your kitchen.

Gold Medal

Glenwood

Note the two gas ovens above—one for baking, glass panels and one for broiling, with white enamel door. The large oven below has the Indicator and is heated by coal or wood. See the cooking surface when you want to rush things—five burners for gas and four covers for coal.

When in a hurry both coal and gas ovens can be operated at the same time, using one for baking bread or roasting meats and the other for pastry baking—It

Social Events

Side Tuesday Club
With Mrs. Singley.
The Tuesday club met yesterday afternoon with Mrs. Singley, 603 West College, with a large attendance. J. R. Bradley had the paper on "The Yukon Country." It related many interesting facts about the country. A social hour and refreshments were served. The next meeting will be with Miss Winifred Wack and Mrs. A. C. Mercat at the Woman's College December 10.

Trinity Guild in
Meeting.
Members of the Trinity Guild met in the parish house Tuesday afternoon for a social hour and refreshments. There was attendance and the ladies read articles for the annual sale which is to be held December 10.

Strawn's Crossing Club
Met With Mrs. Charles Bealmer.
The Strawn's Crossing club met with Mrs. Charles Bealmer Tuesday afternoon with a good attendance. Two papers were presented. Mrs. Henry Strawn's subject was "America's Obligation to the Immigrant." "Should We Limit Immigration?" was the subject of a paper by Mrs. C. M. Coons. Mrs. Gregg Tindall and Mrs. C. M. Coons were guests of the club. A social hour followed the program and refreshments were served. The next meeting will be held with Mrs. Frank Hunter, Tuesday, December 16.

Mr. and Mrs. J. W. Langdon
Entertained at Dinner.

Mr. and Mrs. J. W. Langdon gave a Thanksgiving dinner at their home southwest of Murrayville Thanksgiving day. At the noon hour a sumptuous three-course dinner was served. Those present were: Mr. and Mrs. J. W. Langdon and daughter Alma. Irene and Marie who is a student at the Academy of Springfield, Ill.; James Lonergan, Mr. and Mrs. Dan Winters and daughter Mary Helena, Mr. and Mrs. Paul Lonergan and son Paul, Jr., Mr. and Mrs. Richard Lonergan, Mr. and Mrs. C. J. Lonergan and children Emily, Mary Ellen and son James, Mr. and Mrs. Frank Tazewell and sons Raymond and Bernard, William Hennessy, and Miss Lena Lonergan.

Entertained in Honor
of Son's Birthday.

Mr. and Mrs. Lewis Zimmer entertained a number of friends at their home on the Mound Monday evening in honor of the birthday of their son Lloyd Zimmer. The party was in the nature of a surprise and the evening thoroughly enjoyed by the many friends and neighbors present. All coming, brought plenty of good things and games and music furnished amusement. At a late hour all departed, wishing Mr. Zimmer many good wishes.

Bethany Bible Class
Spent Day With Teacher.

Bethany Bible Class of Christian church of Chapin came to Jacksonville yesterday bringing well filled baskets to spend the day with their former teacher, Mrs. J. W. Finch of 611 Jordan street. The ladies present were: Mrs. Sarah Heiser, Mrs. M. E. Filson, Mrs. Elsie Woodward, Mrs. Ida Williams, Mrs. Fanny Simpson, Mrs. John Rice, Mrs. Georgia Blair, Mrs. Ada Funk, Mrs. Jane Brownlow, Miss Caroline Johnson, Mrs. Glenna Pond, Mrs. M. Adelia Roberts, all of Chapin; Mrs. Lloyd Ross and

son, Warren of Pine street, this city, and Miss Esther Murphy of Concord. All report a splendid time.

Brooklyn Missionary
Society Held Meeting.

The Woman's Foreign Missionary society of Brooklyn church met Tuesday afternoon with Mrs. Everett Whitlock, 1314 South Clay avenue with a good attendance. The meeting opened with scripture reading and prayer. The third chapter of the study book was taken up. Leaflets were read by Mrs. James Clements, Miss Jefferson and Mrs. Follansbee. Dues were paid for the year and a Christmas offering taken. A social hour followed the program and refreshments were served. The next meeting will be held Wednesday, January 7th.

Missionary Society
Held Annual Open Meeting.

The Woman's Foreign Missionary society of Grace church held the annual open meeting at the home of Mrs. J. F. Berry, 1260 West College avenue Tuesday evening with a large attendance. Miss Lulu Hay was in charge of the program. Miss Walton, Mrs. Perrin, Mrs. Gilbert and Miss Lucy Mount read leaflets on Missionary work. Miss Byers of Illinois Woman's College with Mrs. Hartmann as accompanist gave a Christmas song and Miss Harper of the Woman's College gave a reading. A Christmas offering also was taken.

Following the program a social hour was enjoyed and refreshments were served.

Box Social at
Pin Oak School.

A box social and entertainment of more than usual importance was given at Pin Oak school two miles south of Neeleyville, Friday evening, Nov. 28, 1919. The program was in charge of Miss Hester Kory, teacher.

The following program was given:

Music—Orchestra.
Recitation, "Liberal"—Stanley Taylor.
Recitation, "Two Tiny Cats"—Kermit Beesley.
Recitation, "Market Day"—Stella Finson.
Song, "I'm Forever Blowing Bubbles"—School.
Dialogue, "A Minister's Mistake."
Recitation, "A Little Boy"—Howard Meyers.
Vocal Solo, "Lullaby Land"—Alma Beesley.
Dialogue, "Getting Rid of an Agent."
Music—Orchestra.
Dialogue, "Entertaining Sister's Beau."
Song, "Alcoholic Blues"—Boys.
Recitation, "Thanksgiving Day"—Raymond Meyers.
Recitation, "November"—Clarence Meyers.
Recitation, "A Good Little Boy"—Theodore Finson.
Vocal Solo—Teddy Hale.
Dialogue, "Buying Eggs."
Music—Orchestra.
Dialogue, "That Rascal Pat."

Following the program the boxes were auctioned off by John Porter. Hattie Porter was the

recipient of the cake awarded to the most popular young lady and Theodore Hale received the pie for being the ugliest gentleman in the house. The sum of \$61.40 was realized.

Mrs. Elizabeth Jackson
Gave Thanksgiving Dinner.

Mrs. Elizabeth Jackson of 1237 South East street was hostess at dinner Thanksgiving day to a limited company of relatives. Needless to say the fine dinner served was greatly enjoyed by all present as the hostess is well known for her ability in the culinary line. The guests were: William Clegg, Mr. and Mrs. Samuel Wild and son Edward, near Winchester, Mr. and Mrs. John T. Osborne and son William, Mr. and Mrs. John T. Wild of Murrayville, Mr. and Mrs. Edward Gallagher, Woodson, Mrs. E. M. Abbott and daughter, Margaret and Miss Dorothy Jackson.

Surprise Party Near Sinclair.

Emmett H. Brown was pleasantly surprised Monday evening when a party of his many friends motored to his home, near Sinclair, laden with well-filled baskets of splendid eats. The occasion was in honor of Mr. Brown's twenty-first birthday. The evening was spent in a social manner, with music and several vocal solos. The guests departed at a late hour, wishing the host many more happy birthdays.

Mr. and Mrs. O. E.
Doyle Entertain.

Mr. and Mrs. Owen Doyle of near New Berlin, celebrated Thanksgiving by entertaining their children and grandchildren to a turkey dinner at their home, after which the young people of the party attended the football game. The holiday proved a most pleasant one for all and at a seasonable hour all departed for their homes, with the one regret that Thanksgiving comes only once a year. The guests were: Mr. and Mrs. Eugene Doyle, son and daughter, Mr. and Mrs. Walter Hines and daughter, Mr. and Mrs. Godfrey Bergschneider, John Doyle, Master Bernard Maginn of Chicago, who is a guest at the home of Eugene Doyle during the Thanksgiving vacation.

ILLINOI LODGE HELD ELECTION TUESDAY

Selected Officers For Ensuing Term—Will Be Installed at First Meeting in January.

Illinoi Lodge No. 4, I. O. O. F. elected its officers for the ensuing term at the regular meeting last night. These officers together with the appointive officers will be installed at the first meeting in January. The officers are: Noble Grand—Lawrence Sibert. Vice Grand—Benjamin Burdick. Trustees—R. C. Allen, E. L. Craft, T. S. Martin, P. G. Stein, A. G. Cody.

WILL ATTEND CONFERENCE
CALLED ON SPRINGFIELD

Utility companies have been ordered to appear before the state utility commission in Springfield today for a public hearing on coal conservation. This meeting has been called for 10 o'clock. In addition to requiring representatives of utility companies to attend, the commission sent notices to cities throughout central Illinois asking their attendance. Mayor Crabtree and Superintendent Gray will therefore leave for Springfield over the Wabash at 8:30 o'clock this morning. It is quite probable that after the conference today the utility companies throughout the state will be ordered to curtail their service.

Deaths

Abington.

Samuel Abington, a well known colored resident of the city died at the home of his sister, Mrs. Laura K. Nelson, 225 Anna street at 6:45 o'clock Tuesday morning. He had attack of influenza last winter and never fully recovered, death resulting from complications.

Deceased was born near Wright City, Mo., June 4, 1851 and his early life was spent there. He came to Jacksonville about 28 years ago and 25 years ago was united in marriage to Jennie Flood, who survives. He also leaves one sister, Mrs. Laura K. Nelson of this city and one brother, Ben Abington of Petersburg.

Mr. Abington was a member of the Christian church. For a number of years he served as janitor at the Morton school building. He was a man highly regarded by all who knew him.

The remains were removed to Gillham's Undertaking parlors and prepared for burial. Funeral services will be held from the parlors Thursday afternoon at 2:30 o'clock in charge of the Rev. J. H. Fisher. Burial will be in Jacksonville cemetery.

McSherry.

Bernard McSherry, son of Mr. and Mrs. George McSherry of 1114 East Lafayette avenue, passed away Tuesday morning at 8:30 o'clock at Our Savior's hospital after an illness of four weeks' duration. Death was due to a complication of diseases. About four weeks ago, the lad who was but eight years of age, having been born in this city, Feb. 26, 1911, was taken down by an attack of the "flu," later this developed into typhoid fever and oranic troubles.

The child is survived by his parents, three sisters, Marie, Catherine and Helen, and two brothers, James and Joseph.

The funeral service will be private and will be held at ten o'clock this morning at the undertaking parlors of J. H. O'Donnell on East State street.

HOMEMAKERS CIRCLE ANNUAL WINTER PARTY

Was Held at the Home of Mrs. W. N. Luttrell—Husbands Were Guests of Circle—Musical Program Given.

Franklin, Dec. 2.—The annual Winter party of the Homemakers Circle was given this evening at the home of Mrs. W. N. Luttrell. The meeting is always looked forward to with pleasure as at this time the members have their husbands for guests. About fifty were present.

Mrs. M. A. Van Winkle is president of the circle and it was to her management that much of the success of the party was due. She was ably assisted by the following committees.

Entertainment—Mesdames W. M. Reese, M. B. Keplinger, W. C. Cañoun.
Refreshments—Mesdames Harry Willard, J. B. Perkins, S. J. Camm.

A three-course dinner was served and afterward a musical program was given and contests held. In the contests, prizes were won by Mrs. A. L. VanWinkle, Edward Evans and Mrs. C. L. Hawker. The program follows: Piano Solo—Mrs. C. L. Hawker. Reading—Mrs. Harry Willard. Piano Solo—Miss Kathleen Calhoun. Reading—Charles Gibson. Duett, Piano and Cornet—Mr. and Mrs. Samuel Darley.

NOTICE TO PATRONS

Because of the fuel shortage it has been necessary for us to temporarily close our washing stand. Until further notice we will therefore be unable to wash automobiles. CHERRY'S LIVERY

OFFICERS CHOSEN BY MODERN WOODMEN

Jacksonville Camp No. 912 held its annual election of officers at its regular meeting held Tuesday evening. Joseph Gomes and James A. Scott were tellers for the election. Following the business session refreshments were served and a smoke enjoyed. The officers are:

Past Counsel—Charles E. Patterson.
Counsel—Robert F. Asher. Worthy Adviser—John McHenry. Banker—Vincent Vieira. Clerk—J. Earl Vasconcellos. Escort—James E. Bantley. Watchman—Adam Ehrhott. Sentry—George A. Harry. Managers—L. A. Vasconcellos, John O'Brien. Physicians—E. D. Canatsey, J. U. Day.

MRS. SUE HAGAMAN DIES IN DECATUR

Was Sister of William C. McCullough of This City — Was Known as "Mother of Decatur Hospital" — Funeral Held Yesterday Morning.

Mrs. Sue M. Hagaman, widely known as the "mother of the Decatur and Macon County Hospital" died at 7:30 o'clock Sunday morning at the home of her daughter, Mrs. L. L. Bushart, after an illness of several months, resulting from a stroke of paralysis. It was while she was away from her home in Decatur visiting her daughter, Mrs. A. B. Calloway, near Chapin, that she was stricken. She was removed to Decatur and has since been with her other daughter, Mrs. Bushart.

It was thru her work for the Decatur and Macon County Hospital that Mrs. Hagaman was best known. She began working on plans for a Protestant hospital in Decatur fifteen years before she saw the work accomplished. Receiving encouragement from prominent physicians, she organized the first ladies' auxiliary to start a movement for a hospital.

Started in 1900. The first meeting was held Sept. 5, 1900, at the home of Mrs. J. E. King. Mrs. King was the first president and Mrs. Hagaman the first corresponding secretary, a position which she continued to fill year after year. From the time of the organization of the auxiliary until the hospital became an assured fact, Mrs. Hagaman was a tireless worker for the cause. Thousands of dollars were raised by the women before the definite campaign for erecting a hospital was taken up. For a long time the women called their organization the Bethesda Hospital society, but later the name was changed to the Decatur and Macon County Hospital Aid.

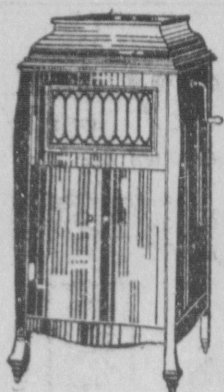

Turned First Dir. When the ground was broken for the new hospital on Nov. 17, 1911, it was Mrs. Hagaman who turned the first shovel full of ground. She was present also at the laying of the cornerstone of the new building. Even after the men became interested in the movement and definite work was started, the women continued their efforts on behalf of the new institution.

Early in their history the women's auxiliary purchased a site on West Main street for a hospital. Later that place was sold and the site north of the city was secured. It is an interesting fact that the very land which was purchased for \$40,000 after the men had become interested and a hospital association had been organized, was the same land which Mrs. Hagaman could have secured and wanted to purchase several years before for \$16,000, but she was discouraged in that movement at that time by the men.

Gifted Woman. Mrs. Hagaman was gifted with many talents, chiefly music and art. She was always ready to share other people's burdens.

Portable, Cabinet and
Period designs

R. T. Cassell

No. 8 West Side
Square

never thinking of herself but of the comfort of the sick.

As a member of the W. C. T. U., she was president for three years after its beginning. She was also a member of the Home and Foreign Missionary societies and was interested in deaconess work in Chicago. At the age of fifteen years she was converted and joined the Presbyterian church, and was a Sunday school teacher for thirty five years. Later she joined the First Methodist church of Decatur, of which she remained a faithful member until her death.

Born in 1841. Mrs. Hagaman was born Dec. 21, 1841, near Somerville, N. J. She leaves one sister, Mrs. R. A. Baldwin of Memphis, Tenn., and two brothers, William C. McCullough of Jacksonville and John McCullough of Oklahoma. She was married June 13, 1860 to Frances B. Hagaman. To them were born three children, Mrs. L. L. Bushart, of Decatur, Mrs. A. B. Calloway of Chapin, and Luella, who died at the age of four years. She also reared eight orphan children, keeping each until grown.

Funeral services were held yesterday morning at nine o'clock. Interment was made in Bethany cemetery in Decatur. Among those from this vicinity in attendance at the funeral services were: William C. McCullough of Jacksonville; Mrs. A. B. Calloway of Chapin; Mrs. Ben Gibbs, and W. E. McCullough, of near Riggsston.

Watch for announcement of CLOSING OUT SALE, to begin FRIDAY MORNING. My store room has been leased and I must get out. Where? I don't know, but this will be your chance for bargains.

TAYLOR'S GROCERY.

THE GREATNESS OF SMALL THINGS

Teeth are small things but they play a great part in the development of our bodies. They are the millstones that grind our food and prepare it for digestion and assimilation.

Every person who lives to adult life has two sets of teeth, the baby or milk teeth, twenty in number. Five on either side of the mouth, above and below. They correspond in number with the fingers and toes. These teeth are developed in the jaws of the child from seven to twenty four months of age, and are shed from six to twelve years of age.

The second or permanent set are developed from six to sixteen or twenty years of age and are thirty two in number. These should never be lost and will not need to be if properly cared for.

The teeth, tho small, should be kept scrupulously clean from the time they make their first appearances in the mouth, on thru the life of the individual. The cleaner they are kept the fewer cavities of decay there will be formed. Especially is this true of the baby set. They should be watched very closely and every cavity of decay cared for by the family dentist, as soon as it makes its appearance. For various reasons none of these teeth should be allowed to get in such a condition as to make it necessary to remove them from the mouth of a child until about the time that nature intended them to be shed.

I might go on and give a number of reasons why the teeth should be retained in the mouth until nature intended them to be shed, but I will take space to tell why there should be no cavities allowed to form and remain in the mouth of children.

The child is more susceptible to contagious diseases than is the adult. And one small cavity in a tooth is large enough to form an incubator for a whole colony of germs of diphtheria or scarlet fever, any one of which is great enough to take our friends or any member of our family out to the cemetery.

These tiny germs that can live by the thousands in one very small cavity have sometimes lived there for weeks after a patient has been released from quarantine and gone with the innocent little patient back to school to do their deadly work.

Dr. Frederick C. Noyes.

KNIGHTS OF COLUMBUS

Each and dance Thursday evening, December 4, for members and guests.

Miss Helen E. Hagan, the renowned pianist, graduate from Yale University and the Schola Cantorum of Paris, will play at Mt. Auburn Baptist church this evening under the auspices of the brotherhood. She has spent much time among the soldiers in France and will speak briefly regarding her experiences there. She has the highest testimonials from papers in Chicago, Quincy, Dallas, Texas; Mobile, Ala.; Birmingham, Ala.; Boston, New Haven, and other places.

THE OBSERVATORY

A Jacksonville Ford driver complains that if he drives fast enough to generate lights he is arrested for speeding, and if he slows down on that account he is pinched for driving without lights.

What has become of the boy who went barefoot all frost and made a single pair of 75-cent brogans do him thru the winter? asks the University Missourian. He can't afford to pay \$7.50 for the same sort of brogans this year, so he's going barefoot all winter.

Warrensburg seers predict that individual eggs soon will cost a dime apiece, because a farmer there has an egg on which is a head similar to that on the dime. Our guess is that the hen was trying to lay counterfeit eggs, like some of the storage eggs we've eaten lately.

When a college boy first realizes that the world didn't stop turning just because his football team made the winning touchdown in the last two minutes of play, he is profoundly shocked. But it does him a great deal of good, and later on is less disappointed when the world fails to drop everything and come a-running to his first 98-cent sale.

The Germans, instead of un-animously going on strike like civilized people, are working longer hours and foregoing holidays in order to bring their economic condition upright once more. We may have to go over and lick them some more, after all.

It may pay to speak kindly of most people, but the experience of the last few days has convinced us that kind words don't have much effect on the weather man during the coal strike.

The Kansas governor's announcement that no office men are wanted as volunteer coal miners must have been quite a disappointment to a number of salaried men who thought they had met an opportunity at last to earn a workman's wages.

Another matter that appears to need readjustment is the present situation wherein the folks who can afford the sealskin coats don't have to ride in the open motor cars.

Why Reds Are Still With Us.

What have the immigration authorities been trying to celebrate? Thursday we learned that the former commissioner at Ellis Island, F. C. Howe, had been the special champion of aliens who were trying to overthrow the government. The congressional committee discovered that twelve aliens arrested in Seattle and ordered deported as dangerous men had mysteriously been released on parole when they reached Ellis Island. Of course they had violated their parole and had never appeared since.

Here was a group of aliens, out of sympathy with American ideas, charged with an attempt to overthrow the Seattle municipal government, started on their journey home only to be set free by order of government officials and turned loose on the country once more.

While the country has been contending with bomb plots and attempts at revolution high officials in the government have been intervening on behalf of aliens who have been ordered deported for advocating violence. The government has been undoing with one hand what it has been doing with the other. It has been rounding up undesirables in a net only to cut the meshes and let them through.

But at least we are beginning to understand why we still have the alien revolutionists in such numbers.—K. C. Star.

Attend J. L. Henry's sale at Woodson Wed., the 3rd, if you want some extra good bred black face ewes, or a choice milch cow or span of good mare mules.

The Woman's club will serve tea and hold an apron sale Wednesday, Dec. 3, beginning at 1:30 o'clock at the home of Mrs. Bernard Gause, 503 North Church street.

RGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

in Make Pint at Home and Costs Little, Says Leading
Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.

Says: Inflamed Nostrils
Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nose and throat is a prolific breeding ground for germs—not the germs of influenza, but any other kinds as well.

If people would only stop experimenting for two weeks and use a simple remedy made of mentholized Arcline mixed with ough boiled water to make a pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

COAL BEING MINED IN SCOTT COUNTY

Coal Hollow Mine Being Operated
—Mine North of Winchester to
Be Reopened—Other News
Notes.

Winchester, Dec. 2.—The coal shortage in Winchester and vicinity while not as badly felt as in other communities in the state has led to the opening and operating of several coal producing properties near this place. At Coal Hollow, south of here coal is being mined as fast as the limited facilities and number of men employed will permit. During the last few days there has been a continual stream of wagons and trucks in line before the mine awaiting their turn to load up. Owing to the great rush for fuel at this time there have been cases where people came to the mine for coal at three and four o'clock in the morning and were unable to get their load until about that time in the afternoon owing to the great number in line and the slowness with which the fuel is being produced.

Another mine, just north of Winchester, near the Albert Coal farm, was at one time a coal producer and is now being reopened and will be worked within a few days by local men. These two mines will aid very materially in lessening the severity of the coal shortage in Scott county.

News Notes.

Dr. Ora Campbell, wife and little daughter have returned home in Astoria, after a visit with relatives here.

Mr. and Mrs. C. W. Casely, Jr., left Tuesday afternoon for their home in Ohio after enjoying the Thanksgiving holidays here with his parents, Rev. and Mrs. C. W. Casely.

Ornsby Dawson of Jacksonville was a business visitor here Tuesday.

Mrs. Alonzo Land visited her husband at the Baptist Hospital in St. Louis Sunday and reports that he is in a very weakened condition. Not much change can be expected for several days.

Thomas Collins and niece, Miss Mildred Burns arrived Sunday from Chicago called here by the serious illness of Mr. Collins' mother, Mrs. Mary Burns.

Mrs. Electa Watson and sister, Mrs. Thomas Bean have returned home from Macomb where they enjoyed the Thanksgiving holidays with relatives.

The Mauvalsterre Levee and Drainage District petition for second additional benefits in the sum of \$68,000 which has been pending for several days in the county court here adjourned Tuesday morning until Wednesday, Dec. 10th at 9 o'clock, after hearing evidence.

Mrs. Ray Fortenback and little son are expected to arrive Wednesday morning from Newark, N. J., to visit her parents, Mr. and Mrs. Charles Townsend. Mr. Fortenback accompanied her to Chicago, and they expect to reside in Chicago after the holidays.

ALEXANDER

Alexander, Dec. 2.—J. F. Willet and son Ralph of Alexander left yesterday for Kansas City, Mo., to visit relatives.

Mr. and Mrs. James Leiford of Springfield spent Sunday at the home of her mother, Mrs. Mike Wiegand of Alexander.

Miss Catherine Zeller of Dallas, Texas, and Miss Margaret Zeller of Wichita, Kansas, are in Alexander, called by the illness of their father, Hartman Zeller.

ATHLETICS CALLED OFF

All forms of athletics, gymnastics, classes and games, have been called off at the Y. M. C. A. owing to a shortage of coal at this institution. Until the fuel crisis is passed there will be no gym classes held.

ENGINEER COMING

S. H. Greeley of the firm of Pearce & Greeley, engineers who drew the plans for the reservoir and spillway, will visit Jacksonville Friday. Mr. Greeley comes to inspect the work and for a conference with the city council.

IRON MASTER DIES

(Continued from page one)

was working as an engineer in the Overholt distillery. It was from this union that the future capitalist was born. The father attempted farming, but did not make a remarkable success of it and as a result young Henry Clay Frick was practically adopted into the Overholt family when he was about 12 years old. He received a good basic schooling, but there was nothing in his boyhood to indicate the remarkable ability which characterized his later life, except his eagerness to get into business. For a time he was bookkeeper in his grandfather's distillery, and from this position he went to Morgan and Company, coke dealers, and at about 21 years of age he appeared in Pittsburgh as their agent. The coke industry was in its infancy. The iron masters of Pittsburgh were just beginning to appreciate the value of coke for their furnaces. Young Frick had an opportunity to acquire a limited interest in a plant near Bradford, and out of the profits of this he acquired other holdings. He later joined a company to build a railroad to penetrate the Connelsville coke region, and in 1871, the year this road was opened, Mr. Frick organized the corporation of Frick and Company, which bought coal and coke ovens in the Connelsville region. That was the basis of the Frick fortune. The undivided attention of the rising financier was given to coke until 1882.

In the midst of this period there came the panic of '73 and the financial crash of many ambitious operators. At a sheriff's sale Mr. Frick purchased additional tracts of coal land and ovens, and a few years later the Mellons, powerful Pittsburgh bankers, became interested in the expanding enterprise of the young operator.

The Carnegies, then developing their great steel business in Pittsburgh, had taken large holdings in the Frick coke company, and in 1882 Mr. Frick found the Carnegie brothers willing to admit him as a member of their firm in consideration of his giving them further interests in his coke business. It was thus Mr. Frick became also a great manufacturer of steel.

Through the Homestead strike of 1892, Mr. Frick came into national prominence. Differences had arisen between the Carnegie Steel Company and its employees over a wage scale, culminating in a strike involving thousands of men; the calling out of the National Guard and the proclamation of martial law. It was at this period, July 22, 1892, that Alexander Berkman, a New York anarchist, tried to assassinate Mr. Frick. Berkman walked into Frick's office, drew a revolver and fired, the bullet lodging in Mr. Frick's neck. Mr. Frick was shot a second time and then he grappled with Berkman. During the encounter Mr. Frick was stabbed three times, but he downed his assailant and held him until the police arrived. Berkman was tried and sent to the Western penitentiary in Pittsburgh for twenty years.

Thirteen days after the attack Mr. Frick walked to his office unattended and resumed the direction of the great strike which continued until November 21 of that year. Mr. Frick was unmoved by the violence, the protests of the public or the distress of the families of the strikers. He won and never begrudged the price of victory.

WILSON'S MESSAGE

(Continued from page one)

ulate on how far his advisers had gone in framing the details. Senator Frelinghuysen, Republican, New Jersey, declared the document failed to take up some important public problems.

"The message," said Senator Frelinghuysen, "reflects the views of Attorney General Palmer, Secretary of Labor Wilson and Samuel Gompers, and undoubtedly they assisted in its preparation."

Senator Eke, Republican, New Jersey, said in a statement, that it was rather academic and "certainly lacks the usual Wilson punch."

It was characterized as a "genuine Wilson message" by Senator McKellar, Democrat, Tennessee and Senator Underwood, Democrat, Alabama, de-

clared it up to the president's fine standard, Senator Hitchcock, Nebraska, the acting Democratic leader of the senate, said that "few messages had pointed the way to more enlightened remedies for existing evils."

Work in Full Swing.

Washington, Dec. 2.—Congress got into full swing today with receipt of President Wilson's annual message and inauguration of actual legislation in both senate and house.

The message was read separately to each body with floors and galleries crowded. When it was concluded both senate and house began on the work ahead. The senate took up the Cummings railroad bill, hoping for its passage before the Christmas holidays. House leaders arranged for immediate attack on the annual appropriation bills carrying almost five billions.

The house adopted the conference report on the Edge bill, authorizing foreign trade financing corporations and measure now goes to the president for approval. In the senate no formal move toward final disposition of the peace treaty was made and the president's message made brief reference to it with a view to a special message later.

Congress also will receive a special message on the railroads. The Cummings bill was before the senate and the senate will have a long session explaining its provisions. It will have right of way.

The senate may act tomorrow on the resolutions authorizing investigation of the Ford-Newberry election contest from Michigan and of charges by Senator Watson, Republican, Indiana, that trade commission employees were engaged in Socialistic propaganda. Adoption of both was predicted.

The pensions bill will be first to reach the house, preparation being more of less perfunctory with the total it carries fixed by other laws. Next will come the legislative bill probably and none of the big appropriation measures is expected to be disposed before Christmas.

Dance Music on the Gulbransen assures a Successful Party

You will need to do some entertaining this fall and winter. Everybody wants to dance. Consider the help you will get from a Gulbransen Player-Piano.

You can always depend upon the Gulbransen for good dance music—the latest jazz songs, the old favorites. It offers a larger repertoire than any orchestra.

Its full piano tone is ample and inspiring. It makes you independent of hired talent, saves you money, keeps your parties delightfully informal. And everybody can play the Gulbransen with all the zip and swing you could ask. It is quite the thing to take a turn at it while resting from dancing. The Gulbransen is so Easy to Play it will not tire you.

In fact, a tiny baby once crept up to the Gulbransen and, so gently do the pedals operate, the baby played it just as shown in the picture below. That is where they got the idea for their trade mark.

But the Gulbransen is not only easy to pedal. It is easy to play well, expressively, sympathetically, brilliantly—as suits the occasion. It gives you a new idea of player-pianos.

Go to the Gulbransen dealer and try a Gulbransen. You will find him by the Baby at the Pedals in his window.

Try some of these popular dance songs. The Gulbransen dealer has them. They sound particularly well on the Gulbransen. You ought to know them.

Hoppers Footwear Protection

Now is the time to think of good footwear protection. Your health is in danger without. As usual our offerings in rubber footwear, heavy or light are very complete. Do not run any risk, get the proper footwear and be safe. Large assortment of rubber footwear, rightly priced.

Rubber Shoes for Children

For real shoe satisfaction give the children the rubber footwear and real economy will be the outcome.

WILL HOLD HOME ECONOMICS INSTITUTE

Will Be Under the Direction of Home Economics Department of Woman's College—Prominent Speakers on Program.

Announcement has been made of a Morgan County Home Economics Institute to be held at Illinois Woman's College, December 15, 16 and 17.

The institute will be under the auspices of the Home Economics department of the college of which Miss Jones is director. Institute will be open to all citizens of the city and county and no fee will be charged.

While the program for the three days has not been completed a number of speakers of prominence have been secured. Among them are two specialists from the Extension Department of the University of Illinois: Miss Juliet Lita Bane and Miss Nina Crigler. George B. Kendall, Morgan county farm advisor, is also on the program. In addition to these speakers the instructors of the Home Economics department of the college will have a part in the program. A complete outline of the program for the three days will be given later.

Watch for announcement of CLOSING OUT SALE, to begin FRIDAY MORNING. My store room has been leased and I must get out. Where? I don't know, but this will be your chance for bargains.

TAYLOR'S GROCERY.

CITIZENS REVIEWED COAL SITUATION

MASS MEETING HELD AT CITY HALL TUESDAY

Resolution Adopted Urges Immediate Action by Gov. Lowden—Local Fuel Committee Assured Support—Will Pass on Deliveries to Dealers and Consumers.

Citizens of Jacksonville to the number of 200 attended a mass meeting held at the city hall Tuesday afternoon at 3 o'clock to discuss the local coal situation. The meeting was called by Mayor Crabtree in the belief that the public should have a more thorough understanding of the danger in the present situation. It was felt too that there would likely be some worth while suggestions made through conference for the conservation of fuel in this time of stress.

While only a short and informal notice could be given of the meeting, it was apparent from the large attendance that citizens realize that the question of fuel has now assumed a very serious aspect. In the course of the meeting, which lasted for about an hour and a half, statements were made by representatives of various schools and institutions to indicate the exact amount of fuel on hand. Various suggestions were made in the interest of economy and the company went on record in an unanimous way in agreeing to support the fuel committee, appointed by the mayor and city council Monday night.

Pledge Committee Support
It was agreed that the council acted wisely in naming such a committee to seek an additional supply of fuel and to aid in its equitable distribution. From the sentiments expressed, by various men who spoke and from the vote taken, it was very apparent that the actions of the committee will be endorsed. A resolution was passed on motion of Thomas Worthington, with a second by A. C. Metcalf, addressed to Gov. Lowden, wherein Mayor Crabtree was requested to urge upon the governor whatever early action is necessary looking toward the furnishing of a supply of coal to meet the actual needs of this city.

In discussing the various possible economies it was very apparent that the great majority of those present are willing to subvert to inconveniences and to share with others any fuel they may happen to have, in the general effort to minimize suffering.

After he had called the meeting to order Mr. Crabtree briefly outlined the reasons for the conference and told of the appointment of the committee of which John S. Hackett is chairman and Joseph F. Shreve secretary. It was stated that the committee will meet from day to day and will seek in every possible way to relieve the situation. Mr. Hackett told briefly of the desire of the committee to be of service in this emergency and said that the committee found their conference with various dealers that all are ready and anxious to co-operate in securing an equitable distribution of fuel. Various coal dealers were present and told of the unsuccessful efforts made to secure additional shipments.

Told Supply Facts.
Among those who made statements relative to supplies on hand were Dr. J. G. Ames, Illinois College; A. C. Metcalf, Illinois Woman's College; H. M. Capps, Capps Mills; H. A. Perrin, Jacksonville schools; Dr. E. L. Hill, Jacksonville State hospital; R. W. Woolston, School for the Blind; F. B. Mauck, Brown's Business College; Vincent Riley, Norbury sanatorium; Supt. Gray, Jacksonville Railway & Light Co.; Edward Brennan, Piffle hotel; John Rule, Dunlap hotel; W. E. Bentley, Douglas hotel.

It was made plain by the dealers who recounted their experiences in the endeavor to secure fuel that by no means can a sufficient supply be secured, that all that can be hoped for is a percentage of the normal supply which must be judiciously distributed in order to prevent as

much inconvenience and suffering as possible. One of the first suggestions made was that the schools should be closed and Supt. Perrin while expressing the belief that the board of education is ready to co-operate in whatever is best for the interest of the public, was opposed to having the closing rule applied to the schools first of all. He mentioned among other things that hundreds of pupils while at school are kept in warm quarters during the larger part of the day and that thus no doubt a very considerable amount of home consumption of fuel is saved.

Rev. T. H. Tull, pastor of Grace church, stated that the trustees of the church are very willing to surrender the supply of coal on hand if it is actually needed for distribution among suffering people. Rev. W. E. Spoons referred in the same way to Northminster church but regretted that only a very small supply is in storage there.

To Seek Supply Sources.
Bernard Gause made the suggestion that a committee should be named to investigate the amount of coal that can be secured from the small bank mines at Winchester, Pleasant Plains, Murrayville and Arenzville. John W. Clary believed that this amount would be very insignificant but it was decided that the investigation would at least be worth while. Mayor Crabtree appointed Mr. Gause and L. F. O'Donnell as members of the committee, with power to select a third member. These two "held a meeting" and in about two seconds' time announced that they had chosen Mayor Crabtree as the third member. Everybody laughed at this bit of repartee but the mayor was prompt in his acceptance of the added task. Charles B. Graff suggested a curtailment plan for business houses. Very soon after the conference adjourned the following resolution was forwarded by wire to Gov. Lowden:

Resolution Sent Governor
Jacksonville, Illinois,
December 2nd, 1919.
Hon. Frank O. Lowden,
Governor of Illinois,
Springfield, Illinois.

Dear Sir:—
At a mass meeting of the citizens of Jacksonville, held this afternoon, after full reports concerning the coal supply and the needs of public and private consumers, the following resolution was unanimously adopted:

RESOLVED, That the present situation of the coal supply in this city is acute and will soon become desperate unless prompt relief can be secured; that the public institutions, schools and colleges located here and the City pumping plant have but a few days' supply on hand; that many families are entirely without coal and are unable to secure it; that much suffering has already occurred and that acute widespread suffering will soon occur unless a supply of coal can be secured.

RESOLVED, FURTHER, That we urge Governor Lowden immediately to take the most drastic measures that may be necessary to secure a supply of coal for the citizens of this State.

Yours respectfully,
E. E. CRABTREE,
Mayor.

Mr. Crabtree told the conference that he had informed B. J. Rowe, regional coal director of the appointment of the committee and expected the approval of the director and the clothing of the committee with power additional to that conferred by the council action.

Regional Director's Telegram
Last night the following telegram was received from Mr. Rowe. The message states that the railroad administration does not supervise the distribution of coal in less than carlots but that the desired end will be secured by requiring the approval of the local committee before any carlot shipment of coal is delivered to a local dealer. While the committee will not be able to secure necessary for delivery of coal here, it is a fortunate fact that all dealers have already signified their entire willingness to co-operate in the efforts of the fuel committee.

Mr. Rowe's telegram reads:

E. E. Crabtree, Mayor,
Jacksonville, Ill.

We appreciate very much your action in appointing a fuel committee. This is the kind of co-operation that counts and will go a long way towards conserving coal in the present crisis. The railroad administration does not undertake the distribution of coal in less than carlots but it will endeavor to regulate by co-operating with the local committee to whom the authority is delegated over deliveries of coal to dealers and others. By this plan none shall be delivered except upon recommendation of the local fuel committee. After application has been passed upon by your committee it should be filed with the agent of the delivering road.

B. J. Rowe,
Regional Coal Director.

Girls wanted for pinning chickens, \$7 per week guaranteed while learning. Apply Swift & Co., superintendent.

WILL MEET TODAY.

The Ladies Aid Society of Brooklyn church will meet this afternoon at 2:30 o'clock with Mrs. F. W. Hirsch of South East street. The hostesses will be Mesdames Hirsch, Potter, Clements and Jefferson. Plans will be discussed for the annual chicken pie supper and a full attendance is desired.

Girls wanted for pinning chickens, \$7 per week guaranteed while learning. Apply Swift & Co., superintendent.

KNIGHTS OF COLUMBUS
Euchre and dance Thursday evening, December 4, for members and guests.

FUEL COMMITTEE TO REVIEW ALL ORDERS

DUPLICATION WILL THUS BE AVOIDED.

Action of Utility Commission Agitated Before Conservation Rates Are Outlined—May Ask Churches to Close—Electric Lighting Service Cut in Business District—Will Make Every Effort for Increased Fuel Supply.

THE WAY TO ORDER FUEL

Consumers are urged not to place orders until the need is really at hand. Then place the order with your coal dealer or the Jacksonville Railway & Light Co., giving full information as to supply on hand and your requirements. Coke orders placed with dealers will be later transferred to the Railway & Light Co. Do not place your orders with the fuel committee.

Notice to Coal Dealers.
Dealers are requested to refer orders for coal or coke to the fuel committee, giving name and address of customer, amount on hand and requirements. If the order is for coke, advise if you will be responsible for delivery and collection.

This plan is suggested in order to avoid duplication of orders and for the purpose of giving preference to the cases of greatest need.

Jacksonville Fuel Committee,
John S. Hackett, Chairman,
Joseph F. Shreve, Secretary.

The fuel committee appointed by the city council held two sessions Tuesday to confer on conservation matters and to pass upon the orders for coke placed with the Jacksonville Railway and Light Co.

It is a fact that the coke the company has on hand is proving a real godsend to the people of Jacksonville, as without this supply there would be many a home without fuel of any description. However, this supply is by no means limitless and the wish of Supt. Gray, with the co-operation of the committee, is to make the 300 tons serve just as many people as possible.

Yesterday many people seemed to have the idea that orders for fuel must be placed with the committee. The notice above indicates that the plan approved is for all persons to file orders for fuel either with the Jacksonville Railway & Light Co., or with dealers. Then these orders will pass before the committee and all duplication will be avoided and the cases of the greatest need accorded the earliest attention.

Conservation Plans Discussed
The committee at the conference held last night decided to await the action of the state utility commission regarding certain conservation measures. It is quite possible as one conservation measure that the committee will seek to have business houses keep open at least two hours less per day. This plan is already in effect in Lincoln, Springfield and a number of other cities. Yesterday Mr. Gray requested all merchants using electric signs and special window lights to dispense with the service. There was general compliance with this request and not a single sign light was burning last night in the business district.

Rev. T. H. Tull, pastor of Grace church, Rev. M. L. Pontius, of Central Christian church; Rev. W. E. Spoons, of Northminster church, and C. H. Russell, a trustee of State Street Presbyterian church, have already signified a willingness and wish to place their supplies on hand in the churches at the disposal of the committee for distribution in cases of actual need. It is presumed that other churches will readily take like action.

May Ask Churches to Close
Unless the situation improves at once it is very probable that the committee will suggest that churches discontinue with all further services. The intimation has already come from the regional fuel committee that definite instructions may be expected prohibiting the distribution of coal to any place of business classed as non-essential. It is known that at the present time the regional committee purposes to provide fuel first of all for utility plants—that is, light and water; hospitals and institutions of that kind; essential industries and domestic consumers.

At the city hall conference George S. Rogerson suggested that later on it may be necessary to utilize the school buildings for the housing of women and children of households where no fuel can be obtained. This suggestion will be given consideration and today or tomorrow the committee will make definite recommendations to the people of the city and the sentiment already expressed, realized that their action will have general and hearty support.

Will Seek Greater Supply.

Meanwhile the committee purposes to use every means at hand for increasing the coal supply. Applications in form required by the railroad and fuel administration will be made thru local agents, E. F. Mitchell, D. C. Ditz and F. H. Englehart, to the regional coal directors. When applications filed have been approved by the regional coal directors then these applications are given to the railroad or forwarded to the specified railroad representatives. In the case of the Burlington approved applications on that road are referred to F. L. Johnson, assistant general manager; on the Alton to W. C. Steffa, superintendent of car service; and on the Wabash to M. B. Casper, superintendent of transport on Mr.

MYERS BROTHERS.

MR. MUNGER GAVE BRILLIANT RECITAL

Director of Piano at Illinois Conservatory of Music of Illinois College Heard in Annual Recital—Large Audience Enjoyed Program.

Tuesday evening at Northminster church Edmund Munger of Illinois College Conservatory brought much pleasure to his hearers and new honors to himself by his brilliant and masterful playing of a program for piano.

This, the occasion of the annual recital he gives to the Jacksonville public, attracted a large audience and merited well the interest and enthusiasm it received.

The pianist seemed in particularly good form and thruout the evening sustained the artistic tradition of his previous appearances here. His program proved a vehicle of expression richly suited to his powers of interpretation.

The insinuating beauty and contrasting vigor of the Symphonie Etudes of Schumann he brought out with great charm and appeal, then welded into a whole of beautiful proportion. He read poetry and pictorial values into the Czerny Studies which too generally have declined to mere dumb-bells for the practice-hour, and made the two Rhapsodies of Dohnanyi stand forth towers of dramatic beauty and significance.

Grouped with the Rhapsodies was the nocturne in D flat major, a composition of Frederic Meyers, which, as Mr. Munger played it, was extremely effective. Its mood, suggested in the title, is created by a skillful combination of simple directness, and the intricate figures of the more modern employ. It has a message, and is especially lovely in the middle part.

Mr. Munger's last group consisted of request numbers and displayed, perhaps, the most striking qualities of his art. His Chopin playing always forms the most beautiful part of his recitals, and in the Ballade, Etude and Waltz offered a wealth of richness and variety of coloring. His playing of the Barcarolle of Godard employed lovely tone and its swinging rhythm brought a swift visualization of Venetian beauty.

The Liszt arrangement of Isold's Love-Death formed the evening's climax in sonority and dramatic intensity.

The sparkling Waltz of Friml ended the program in a mood of joyousness. As an encore after the second group Mr. Munger gave Godard's "Alfred de Mosset," and in response to vigorous applause at the end of the third group he responded with the ever-popular Spring Song of Mendelssohn.

Program.
1 Etudes Symphoniques, Schumann
1 Theme (the melody of the theme is by an amateur);
2 and 3, variations on the Theme; 4 Etude; 5, 6, 7, 8, and 9, variations; 10, Etude; 11 and 12, variations; 13, Finale.
2 Five Studies from Op. 740.
C major; G major; D major; A flat major; E flat minor.

Nocturne in D flat major.

Rhapsodie in F sharp minor.

Rhapsodie in C major.

(The following numbers by request.)

Ballade in F major (T. Shepherd Girl and Knight)

Etude in C sharp minor (Resignation)

Waltz in A flat major.

Barcarolle in F sharp minor (Venetian)

Isold's Love-Death (From the music drama "Tristan and Isold.")

Concert Waltz.

NOTICE

All persons who hold proved bills originally issued to city employees are asked to file them at once with the designated so that in course warrants may be sued in payment.

HAULING SLAB

WOOD WITH A

When J. G. Berger of the Berger Motor Company heard William Richardson, west of Jacksonville, had 100 cords of slab wood, he promptly bought the stock. Now Mr. Berger is ferreting this wood in automobile loads to help out in the local shortage. The wood is cut short lengths and is suitable for use in grates.

Just five minutes drive car or street car to 1201 East St., from square to \$150.00 on your piano player. SHEPPARD.

TREES AND LOGS OFFERED

A number of people yesterday told the fuel committee that they had trees which they would like to cut down for fuel by any means. Desilva reported that there are three or four dry logs at his residence, North Church street, which one can have merely for the hauling. These logs are in the length for use and need only to be burned in grate use.

Ladies aid of Christ church will serve lunch at L. Henry's sale at Watson, Wednesday, Dec. 3. All members requested bring or send 2 pies.

A CORRECTION

In advertisement of W. S. Connon & Co., covering distribution of Oak Grove Oleomargarine, was stated the offer was good but thirty days. This should be read forty-five days.

KNIGHTS OF COLUMBUS

BLUFFS BOY RUNS
KNIFE THRU EYE

Carlyle Warren Receives Painful Injury—Taken to Passavant Hospital—Other Bluffs News.

Bluffs, Dec. 2.—Carlyle Warren, the three year old son of Mr. and Mrs. G. Warren was painfully injured Monday afternoon when he accidentally fell and ran the point of a paring knife in his left eye. Dr. C. A. Evans rendered first aid after which he was taken to the Passavant hospital in Jacksonville for treatment. While the injury is a serious one the eyesight will probably not be destroyed. He was accompanied to Jacksonville by his parents and G. W. Burris.

Mrs. Anna Colling of Chicago arrived Saturday for a two weeks' visit with her daughter, Mrs. James Lucas.

Miss Minnie Chamberlain spent Thanksgiving with friends in Barry.

Miss Lena Pfingger spent Thursday until Sunday with relatives in Milton.

Mrs. Alice Bohner, who has been visiting in Minnesota, Iowa and Illinois since June expects to leave Bluffs Wednesday for a few days' visit in Springfield enroute to her home in Jacksonville, Fla.

Mrs. Horace Abbott and children who have been visiting relatives south of town since Friday

left Monday for Arenzville to visit her father, Newton Mathews.

Miss Justina Bailer of Casselton who has been visiting the Rev. E. J. Rees household left Monday for Canton.

Mrs. Cora Fine and daughters Misses Myra and Lara of Sterling spent Thursday night with Rev. and Mrs. E. J. Rees.

Rev. E. D. Palmer delivered a splendid Thanksgiving sermon to an appreciative audience at the M. P. church Sunday evening. Special music was furnished by the choir.

Lysle Sawyers, who has been under quarantine on account of diphtheria is able to be out again. Mrs. Claude Hamm of St. Joseph, Mo., who has been the guest of her sister, Mrs. Earl Williams, left for a visit with relatives in Chapin.

Supt. O. V. Walters spent Thanksgiving with relatives in Macomb returning Sunday evening.

Mr. and Mrs. James Sawyers returned Sunday evening from Jacksonville and Hillview where they have been the guest of relatives for several days.

The Famous Baldwin pianos and player-pianos, sold exclusively by C. A. SHEPPARD, factory representative, 1201 S. East St. Plenty of pianos to select from.

BROOKLYN MONTHLY

CONVOCATION
The monthly convocation of the Brooklyn church will be held Wednesday evening, Dec. 3, at the home of W. E. Thomson, 1440 South Main street, instead of the church, to conserve fuel. The program will be as follows: Song fest and devotional hour; Reading "Thanksgiving Ann" by Kathryn Randle; Vocal duet, "Larboard Watch" by G. W. Randle, Sr. and G. W. Randle, Jr. Debate, "Resolved. That Women Are Responsible for the High Cost of Living." Affirmative, T. B. Reeve and J. A. Walters; Negative, Mrs. G. W. Randle and Mrs. W. E. Thomson. Lunch. Games as follows: Two Blind Mice; Aviation Contest; Spooning Contest and Whistling Contest. The hours will be from 7:30 to 10 o'clock. All the members and friends of the church are invited. G. W. Randle, Pastor.

BREAD ON THE WATERS

Yesterday T. M. Tomlinson sold a good bill of goods to a man from Dixon and it came about in a peculiar manner. A friend in Jacksonville sent the man in Dixon two ducks wrapped in a copy of the Jacksonville Journal. The Dixon man happened to glance over the paper and noticed the advertisement of the merchant in question and made it his business the first time he was in Jacksonville to visit the place and both he and the merchant are happy.

Moral: Advertise in the Journal and when thru reading it by some means pass it on to some one else and get your friends to do the same.

MORGAN

Mr. and Mrs. W. Woodward of Chapin were Wednesday visitors at the home of Mr. V. Hutches.

Messrs. Irvin Coulson and H. O. Smith went to St. Louis with two car load of hogs.

James Anderson and Miss Catherine Davies accompanied by Miss Eileen Omer and Dean Artobus of Chapin attended the corn husking and pie social at West Liberty school house last Wednesday evening.

Mr. and Mrs. George Coulson, Mr. and Mrs. Athol Garber and Paul Collins spent last Sunday with Mr. and Mrs. Elmer Walker.

Mr. and Mrs. Earl White and Mr. and Mrs. Clyde Williams and family spent Sunday with C. E. Drake and family.

Mr. and Mrs. Irvin entertained at Thanksgiving dinner Mr. and Mrs. M. V. Hutches and daughter Ruth, Mr. and Mrs. Harry Hutches and daughters of Jacksonville, Mrs. Clyde Funk and daughter Marie, son Maurice of Exeter.

Mrs. Clyde Funk and children returned to their home near Exeter last Sunday after a few days visit with relatives here.

Mr. and Mrs. C. E. Williams had their annual family reunion Thanksgiving day. It has been their custom for a number of years to all be together on that day and it is looked forward to with much pleasure.

T. H. Stone fell from a building while at work at John Hurlbrinks, west of Merritt, and hurt his hip. He is now able to get around by the use of his cane.

Chester Williams motored to Macomb last week, returning Wednesday evening.

Frank Cox spent Saturday afternoon and Sunday at Charles Bakers visiting with his sister from Kansas. She expects to start for her home in Kansas today (Monday).

LYNNVILLE
Mrs. Will Watson and Mrs. W. H. Dicks and son of Springfield, spent Thanksgiving at the home of their parents Mr. and Mrs. Tom Davis.

C. E. Hamel is the owner of a new Dodge car.

Mr. and Mrs. W. H. Coultas entertained several of their friends Sunday at a roast goose dinner.

Miss Irene Hamel of Jacksonville spent Saturday and Sunday with her parents, Mr. and Mrs. C. E. Hamel.

Mrs. Hulda Moore spent Thanksgiving day with relatives in Winchester.

Lorenzo Shirliff, J. E. Lazebny, Mrs. Shepherd and Pearle Fligg took supper Sunday evening with Mr. and Mrs. Charles Burdick of Winchester.

The little daughter of Mr. and Mrs. Edgar Watson has been on the sick list.

F. L. Landgraf of Indianapolis was a business caller in the city yesterday.

R. B. PEARCE PRESENTS
MONTHLY WEATHER

Temperature 4.1 Below Normal—
Total Precipitation 36.05
Inches.

White Hall, Dec. 1.—The monthly report of R. B. Pearce, cooperative observer of the weather bureau, shows that the average temperature, 41.2 degrees, is 4.1 degrees lower than normal for the month. The mean minimum was 51.7 and the mean maximum 30.8 degrees. The highest was 67 on the 22nd, and the lowest 16 on the 30th. Killing frost occurred on the 12th, and there was a thunderstorm on the 29th, with light sleet.

The total precipitation was 2.91 inches, 0.27 inch above normal, the greatest fall in 24 hours being 1.54 inches on the 29th. There were traces of snow on the 26th and 27th. There were six days with 0.1 inch or more precipitation, thirteen clear, seven partly cloudy and ten cloudy days. Heavy gales accompanied the cold wave on the 30th, but no damage of consequence resulted in this section.

Crop conditions continue to be exceedingly favorable. The progress of the corn harvest shows that the average yield to be around fifty bushels to the acre, and the condition of wheat is excellent. It is impossible to determine what the damage by Hessian fly might be, but local reports continue to indicate the presence of fly to such an extent as to cause consideration on the part of wheat growers.

Average Temperature & Rainfall.
The average temperature and rainfall by months for this station follows:

Precipitation	Inches	Temperature
January	2.71	27.7
February	2.54	30.1
March	2.40	42.2
April	3.57	53.4
May	4.77	63.8
June	3.74	72.3
July	2.92	72.6
August	3.13	75.2
September	3.53	67.1
October	2.88	55.2
November	2.64	44.3
December	1.42	31.4

Total yearly 36.25

The best pianos to be had at the least profit, made possible by selling direct from factory to you. Plenty of pianos in store. C. A. SHEPPARD, 1201 S. East St.

SOME STOCK SALES.

Andrew Harris of the vicinity of Orleans was in the city with his wife yesterday and reported some stock transactions.

In the vicinity of Sinclair he bought a load of cattle at \$10 to \$12.25.

In the same region he bought a load of hogs at \$13.00.

BIDS FOR HIGH SCHOOL, Jacksonville, Ill.

Mary E. Pierson,

Secretary.

SALE OF \$131,000

JACKSONVILLE, ILL.

FUNDING BONDS

The City of Jacksonville will receive sealed bids at the office of the City Clerk up to four o'clock P. M. Friday, December 5th, 1919, for the purchase of \$131,000 of Funding Bonds, dated December 1st, 1919, bearing interest at the rate of five per cent per annum, payable semi-annually at the office of the City Treasurer in said city. Twenty of the bonds are of the denomination of \$500 each and mature one each year beginning December 1st, 1920 through 19 9. One hundred and twenty-one of the bonds are of the denomination of \$1000 each and mature \$6000 beginning December 1st, 1920 through 1938, and \$7,000 due in 1939. These bonds are issued to pay valid indebtedness of the City of Jacksonville. All bidders will be required to accompany their bids with a certified check of \$2000, as an evidence of the good faith of the bidder, and that he will take up and pay for the bonds if the sale is awarded to him. Failure to do so, said sum of money shall be forfeited to the city as liquidated damages. The bonds will be ready for delivery to the purchaser immediately upon acceptance of the bid and unless the bonds are taken up and paid for within five days after notice of award of sale, the check aforesaid will be forfeited to the city. The approving opinion of Charles and Rutherford, Attorneys of the City of St. Louis, will be furnished to the purchaser of the bonds. The City Council reserves the right to reject any and all bids.

(Signed),

E. E. CRABTREE, Mayor.

WHEN I WAS AND RUSSIAN

Advance, Ill.: "After a hard and anxious illness I was restored to a healthy condition through Dr. Pierce's Favorite Prescription which I took as a tonic. It proved to be such a splendid tonic that I have taken it many times since. Whenever I have been nervous and run down and it has never failed to strengthen and build me up in health."

"I can also speak just as highly of the Golden Medical Discovery as a blood purifier and a medicine that is safe to give to little children. When one of my daughters was only a year old she had croutons sores all over her head. I gave her Dr. Pierce's Golden Medical Discovery and it healed up every blemish and her hair grew nice and thick. It has grown to womanhood and has never had any return of blood disorder of any sort since that time. I give the 'Discovery' all the credit due it for this cure and take pleasure in recommending it."—Mrs. ETTA LEWIS, care Mrs. P. M. ROBERTS, R. R. 1—Box 31.

Quincy, Ill.: "I am glad to tell you that Mrs. Pierce's Anuric (for the kidneys) has done for me; it is a fine remedy. I have been a great sufferer with my back and hip for years but 'Anuric' did wonder for me. I have taken two small bottles and now tell everyone what a good medicine it is."—Mrs. STELLA STRECKDAL, 1532 Jefferson St.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y. for free confidential consultation and advice, no charge being made for the high professional service. This will enable every woman to benefit by the advice of the distinguished physicians.

weeks with her brother and family, Mr. and Mrs. J. H. Devore. Mrs. Essie Stine and baby have returned to their home in Kansas after a pleasant visit with her uncle, J. H. Devore and family.

Mr. and Mrs. William Colton, Thanksgiving dinner with Rev. and Mrs. Powell in Woodson. A very pleasant day was spent by all.

Mrs. Leach spent Sunday afternoon with Mrs. Woulfe and daughter.

Mr. and Mrs. Hugh Vorhees spent Sunday with Mr. and Mrs. Ray Bourn near Woodson.

P. J. Wolf is spending a few days in Peoria with his daughter, Mr. and Mrs. Oliver Cain of Carrollton spent several days visiting friends and relatives around Jacksonville recently.

NEURALGIC PAINS

Give Way to Soothing Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and canker sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.—Adv.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Dun's Hens Increased Every Day. Plan is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks we were getting 10 to 12 eggs a day; in five weeks we got 15 to 16 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the health, makes the birds stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a bottle by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

REMEMBER YOUR CUSTOMERS

and friends at Christmas by presenting them a neat Advertising Calendar. The distribution of Calendars is good advertising. It places in the homes and business houses an article that is referred to every day in the year. And the prettier the Calendar the more conspicuous a place it will be given.

We are agents for the U. O. Colson Co. Calendars and Advertising Novelties. It is the best selected line on the market, containing subjects applicable to each line of business. A phone call will bring us to your place of business with samples.

LITERBERRY

Miss Helen Herschkowitz, who has been making a pleasant visit with Mr. and Mrs. Duval Crum, returned to her home in St. Louis on Friday evening.

Mr. and Mrs. John McHenry and children and grandpa McHenry, all of Jacksonville, spent the Sabbath at Lily Cottage with Mr. and Mrs. Jesse Litter.

The Coons and Crum reunion for 1919 was held at Crum Villa on Saturday the 22nd of November and was a very pleasant gathering.

There was a noonday spread of the usual dimensions very appetizing and nicely served, which was appreciated by those who took part. Those from a distance were Mr. and Mrs. William Coons and Miss Lizzie Coons from New Berlin and William and family of Old Crum Homestead, Litterberry.

Mr. and Mrs. John Hitchens, Mrs. Mary Rudolph and Mrs. Ellen Neil went to Mowqua to spend Thanksgiving. There were the usual family dinners given on Thanksgiving Day in and around Litterberry. Mr. and Mrs. C. A. Beavers of "The Zephyrs" entertained Mr. and Mrs. John Daniels and Harold Lee, and Mr. and Mrs. Jesse Litter and J. M. Litter at a turkey and cranberry feast at noon.

The children of the Baptist Sunday School voted for a Christmas entertainment and a tree full of nice presents. Carried.

It's no sign there is war in Litterberry because every fellow is grinding his butcher knife, but there will be some hog killing on Tuesday.

Such a long time it has been since we had preaching at the Baptist church we will all have to be introduced to our preacher when he comes again.

Mr. and Mrs. George Baisley of Beardstown took dinner with Mr. and Mrs. Frank Gish on Sunday.

The school children are telling of the nice visit that S. W. Nichols made to the school at Litterberry College last Wednesday.

THE MANUALO

Salem Ladies' Aid will have a donation social at the home of Thomas Boyd Wednesday evening, December 3rd. Everyone cordially invited to come and bring a donation for the society. Supper free.

YATESVILLE

Mrs. Ada Shortridge and daughter Ethel of Jacksonville spent Thanksgiving at the home of Mr. and Mrs. Ray Shortridge.

Miss Louise Henderson was a Jacksonville visitor Wednesday.

Edward Conover spent Thanksgiving at the home of his grandfather Conover of Ashland.

Mr. and Mrs. Charles Edward and children, Mr. and Mrs. Steve Ward and Homer Hancock spent Sunday with Ollie Moore and wife.

Mrs. Henry Means and granddaughter Louise Williams spent from Friday until Sunday at the home of Mrs. William Smith near Snelair.

Little Miss Le-Ella Shortridge of Jacksonville spent the Thanksgiving holidays at the home of her parents Mr. and Mrs. Ray Shortridge.

Freda and Louise Edward spent Sunday with Clara Cashin.

Mrs. John Baker and son Russell spent Saturday and Sunday in Virginia.

Miss Rosa Henderson, the teacher of the Yatesville school spent the Thanksgiving holidays at her home, west of Litterberry.

The Misses Leona and Dorothy Stice spent Wednesday night at the home of their brother Coy Stice and wife of Litterberry and attended the supper at the Baptist church.

Carl Yancy and sister Miss Edith of Ashland and Howard Farmer took supper Sunday evening with Ollie Moore and wife.

Steve Ward butchered hogs Monday.

Mrs. Ray Shortridge and daughter and Mrs. Ada Shortridge and daughter Miss Ethel spent Thursday afternoon with Mrs. John Henderson.

A LARGE STOCK DEALER KILLED

A. O. Harris has received word of the death of John Bilby who was killed on a railroad in Oklahoma. Mr. Harris says the gentleman owned all told in various states 500,000 acres of land and would rank right along with the late Jacob Strawn and John T. Alexander.

The deceased once lived in this vicinity and also in Quentin, Missouri and was a man of wonderful business capacity.

WHOLE FAMILIES FREED FROM COLDS

Half a century breaking colds is behind Dr. King's New Discovery

FROM the little tots to grandmas, every one in the family can use this fifty-years-the-standard remedy in perfect safety and confidence of beneficial results.

Incessant coughing, disagreeable gripple, stubborn cold promptly checked, the phlegm dissipated, the congestion loosened.

Same high quality today as always. Dr. King's New Discovery lives up to its time-tested reputation. 60c. and \$1.20 a bottle.

The Results of Constipation

are sick headaches, biliousness, nervousness, sallow skin, waste matter in the body. Correct this undermining evil with Dr. King's New Life Pills. Feel good every day. Keep the system cleansed, 25c. a bottle.

Why So Many Americans Are Physical Wrecks at 50--

Physician Explains How Signs of Age Creep Into Your System When The Iron In Your Blood Runs Low—Says: Weak, Nervous, Run-Down People Should Take Nuxated Iron To Steady the Nerves, Restore Wasted Tissue and Aid in Giving Renewed Force and Power to the Body.

Are you slipping at 50?

Can you actually stand what you could twenty years ago when your strength and energy are put to the test? Or do you merely THINK you are "just as good?"

Is your heart pumping pure red blood—rich in iron—through your veins? Or is it merely a passage for thin, pale, watery blood without enough red corpuscles to keep your body strong and well?

These are the questions put by Dr. H. B. Vail, formerly physician in the Baltimore Hospital and a Medical Examiner, who contends that a man's age can no longer be measured by the number of his years but by the condition of his blood. Dr. Vail believes that the greatest problem of modern life is to ward off the tragedy of middle age, which begins to show its signs the moment the iron in the blood runs low.

Continuing, Dr. Vail says: "There are thousands whose bodies are ageing and breaking down at a time when they should be enjoying that perfect bodily health which cries defiance to disease simply because they are not awake to the condition of their blood. By allowing it to remain thin, pale and watery they are not giving the natural life forces of the body a chance to do their work. Yet others go through life apparently possessing, year after year, the elasticity, the strength and the energy of earlier days, for through their bodies courses the energy and power that comes from plenty of pure red blood, rich in iron."

From a red blood fluid and in my experience I have found no better means for building up the red blood corpuscles and helping to give increased power to the blood than organic iron—Nuxated Iron—which I have prescribed with surprising success for my patients who are approaching middle life."

Dr. John L. Van Horn, formerly Medical Inspector and Clinical Physician on the Board of Health of New York, says: "It is surprising how many people who do not get along in life are really suffering from iron deficiency and do not know it. To supply the lack of iron and help build stronger, healthier men and women, better able to meet the problems of everyday life, I believe that physicians should, at every opportunity, prescribe organic iron—Nuxated Iron—for my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended above by physicians, is a safe, sweet-tasting, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not irritate the stomach, make the tongue black or give rise to indigestion. It is a most successful and entirely satisfactory remedy to every purchaser or they will return the money.

This remedy is dispensed by all good druggists.

When Grandma Used to Cure Your Colds—

goose-grease and turpentine were all she needed—but they cured colds. Now science has added to and strengthened her good old remedy so that it gives

Relief in 20 Minutes

Science added Menthol, Wintergreen and other healing oils, the fumes of which, inhaled, give instant relief inside, where the real irritation is. At the same time the goose-grease and turpentine set up a counter-irritation that draws away the soreness.

Wonderful relief is felt almost instantly by the inflamed lungs, throat and nasal passages.

MEN-THO-EZE is the name of this new-old remedy—a positive relief for the simple ailments and a first-aid for the more serious ones. It relieves the most stubborn cold, usually with one application. Fever subsides, the phlegm is loosened and restful, healing sleep follows.

Keep a jar of Men-Tho-Eze ready at hand. It will prove a godsend. In opal jars, 30c and 60c

Laboratory Address:

Men-Tho-Eze, Fort Dodge, Ia.

Prevents Shaving Irritations

The longer you use Barbasol, the antiseptic beard softener, the better you'll like it.

That keen feeling that your beard—and not the skin—is coming off clean; the smooth coolness afterwards—assures you that Barbasol not only makes shaving easier, but keeps the skin clear and healthy; free from irritations and soreness of the ordinary shave.

Barbasol is not a soap; contains no alkali; no brush, no rubbing, no lather.

Barbasol is an antiseptic preparation that keeps the skin in the pink of condition; always.

Just apply it with the fingers, and shave. Ask your druggist for Barbasol; insist on it, and get it.

STORAGE
BATTERY

Willard

If It's a Battery Be Sure It's New

It isn't good business to buy a battery that may be months old when you get it.

The only safe thing to do is to buy a Willard Battery with Threaded Rubber Insulation that has been shipped and stored bone dry, and consequently is brand new when it begins to work for you.

Drop in some time and let us explain this process to you and tell you why it is only possible with Threaded Rubber Insulation.

Opportunity!

TO BUY BIG CROP-PRODUCING FARMS IN GREENE COUNTY, ILLINOIS, THAT WILL PAY BEST RETURNS ON THE PRICES PER ACRE.

Have record of 47 bushels of wheat per acre and 110 bushels of corn per acre.

Parts of the Columbiana ranch offered for the first time for sale. The Columbiana ranch, situated one mile west of ELDRED, GREENE COUNTY, ILLINOIS, and on the main road, ten miles west of CARROLLTON, the county seat, embracing 2700 acres, is in two nearly equal parts, known as the east and west units, and the east unit nearest Eldred will be sold in tracts of 50 acres or more, reserving the right to withdraw any part from the market at any time. No trades will be considered.

Appointments by letter, telephone or telegraph can be made through James McNabb, Editor of the "Carrollton Gazette," or directly with the Managing Partner, Edward Boyle, 29 South LaSalle street, Chicago, Illinois; phone, Randolph 3784, to meet Mr. Boyle on the Columbiana Ranch, where he will be Saturday and Sunday of each week.

The land has been highly developed and farmed exclusively by the owners, and is now in a high state of cultivation. The wheat, timothy, clover and alfalfa yields have been very large, and there is now standing and to be seen one of the best big corn crops in the state of Illinois.

The land is what is known as the made soil of the Illinois River Valley, of great and inexhaustible depth, and is highly charged with all the plant-food elements, so that even alfalfa is produced without inoculation.

The shipping facilities are excellent. The station BOYLE on the Chicago & Alton Railroad is in the center of the land. Quick shipments from and to St. Louis and Peoria are made by the Eagle Packet Company, which make regular landings at Kampsville, opposite on the Illinois river, and landings as requested at the old site of Columbiana.

The location is widely known as one of the most convenient, beautiful and pleasant for farm life in Illinois.

ILLINOIS DOCTOR PRESCRIBES IT

Says He Has Never Known Medicine To Produce Results Like Tanlac

B. H. Elder, M. D., with offices at 410 Schradzki Building, Peoria, Illinois, comes out with his unqualified endorsement of Tanlac.

Dr. Elder graduated from Butler University of Indianapolis, Ind., later took a post graduate course at Rush College, Chicago, and has also studied abroad. He has been in active practice over forty years—twenty five years in Peoria—and is one of the best known physicians of that city.

"So far as my knowledge goes," said Dr. Elder, "medical science has never produced a medicine that brings results like Tanlac. It is altogether too good to keep from suffering humanity and I have been prescribing it in my practice for some time with remarkable results."

"For years I had suffered from stomach trouble and rheumatism and had devoted my best thought trying to find relief, but all to no avail. Right after eating, gas would form in my stomach and affect my heart, causing poor circulation, cold hands and feet, dizzy spells, spots before my eyes, peculiar feelings, terrible headaches, and cramps in my stomach. The rheumatism was the kind that is caused by uric acid deposits in the blood, which find their way into the joints, and the pain was so great I could hardly stand to move my legs and arms."

"So, it's no surprise that I devoted lots of time and thought, using all my powers, trying to free myself of these troubles. But nothing I ever found until I got little temporary relief. And here I found out the powers of Tanlac. I had a patient who had suffered for years with the same kind of troubles and while I did all I could for him, the same as for myself, he failed to improve any. Well, this party came to my office one day, after having been away for about six months, and I never in all my life saw a man look in better health or seem to feel better. While sitting there in my office he told me Tanlac was what brought about the wonderful change. I could not doubt it, for I knew what an awful condition he had been in, and I made up my mind then and there to try Tanlac in my own case. So I did and the results are that a few bottles relieved me entirely of stomach trouble and rheumatism and all my other ailments as well. I am an extra hearty eater, especially of meats and such foods as often produce bad effects, but none of these things disagree with me any more. So now, as I have discovered the value of Tanlac I am ready to honor it as one of the most beneficial of all medicines. I have prescribed it, in cases of rheumatism, kidney and bladder disorders and a run down condition, with wonderful results. I feel that I ought, for the benefit of suffering humanity, to give my experience with Tanlac to the general public."

Tanlac is sold in Jacksonville by Coover & Shreve; in Meredosia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by Jno. Onken & Bro.; and in Alexander by Frank J. Kaiser.—Adv.

SPRINGFIELD RESIDENT VISITS IN MEREDOSIA

Mrs. Ruth Davenport And Son Guests of Parents—William Nunn Purchases Property And Moves to Town—Other News Notes.

Meredosia, Ill., Dec. 2.—Mrs. Ruth Davenport of Springfield spent Sunday with her parents Mr. and Mrs. Charles Winningham. She was accompanied home by her son Philip who will spend two weeks in the above city.

The player-piano that is all but human, C. A. SHEPARD sells them. Bell phone 798. 1201 S. East St.

TO WINTER IN FAR WEST

Mrs. E. M. Henderson and daughters Hazel and Mary of East College street departed Tuesday morning for Los Angeles, Calif., where it is their expectation to spend the winter months. They went via the Santa Fe route, and upon arrival at their destination will reside with a sister of Mrs. Henderson, Mrs. Lucile Lane and her son James, who are located at 928 Hope avenue.

Get Your Radiator Fixed for Winter

before you have to hire a repair man to fix the damage.

Thousands of motorists have found it more advisable to spend a few cents now for AD-EL-ITE Non-Freezing Liquid than to pay for damage later. The weather won't forget your radiator.

Use AD-EL-ITE Non-Freezing Liquid and your radiator can't freeze to death, no matter how cold it gets.

It is a scientific alcohol compound with evaporating retardant which is safe and sure. It can't clog the radiator nor injure the rubber. Get a can now and end your worries.

Big Canned Fruits and Vegetables Sale

A shipment of Libby's Famous Canned Fruits have just arrived. Our order was cut short due to the small pack and very heavy demand. We have had hundreds of inquiries in the past month as to when Libby's Fruits would be in. We promised to advertise on their arrival. Everything arrived but Pineapple, which will be here in a short time. The prices are much higher than former years, but not near as high as they will be. We advise our customers wanting Libby's Fruits to buy this week.

Libby's extra lemon cling peaches \$5.75 per doz.
Libby's No. 2 Extra Apricots \$4.60 per doz.
Libby's Rosedale lemon cling peaches \$5.50 per doz.
Libby's Extra Royal Ann Cherries \$6.40 per doz.
Libby's Rose Dale pears \$6.20 per doz.

Libby's Extra Apricots . . . \$5.75 per doz.
Libby's No. 2 Extra Apricots \$4.60 per doz.
Libby's Green Gage Plums \$5.30 per doz.
